

HEALTHCARE FRAUD PREVENTION PARTNERSHIP

ABOUT THE HFPP

THE HFPP CURRENTLY HAS **213** PARTNERS*

5 FEDERAL PARTNERS

54 LAW ENFORCEMENT

95 PRIVATE PAYERS

46 STATE & LOCAL PARTNERS

13 ASSOCIATIONS

The HFPP is a voluntary, public-private partnership between the federal government, state agencies, law enforcement, private health insurance plans, employer organizations, and healthcare anti-fraud associations. Our goal is to identify and reduce fraud, waste, and abuse across the healthcare sector through collaboration, data and information sharing, and cross-payer research studies. Given the HFPP's broad membership encompassing a variety of players involved in the detection of fraud, waste, and abuse in the healthcare system, it is uniquely positioned to examine emerging trends, and develop key recommendations and strategies to address them.

PURPOSE AND OBJECTIVES OF THE HFPP

- To deliver unique cross-payer analyses of healthcare data across the Centers for Medicare & Medicaid Services (CMS), state Medicaid offices, and private payers
- To identify potential savings that Partners cannot identify in their data alone
- To increase detection of fraud, waste, and abuse across the private and public healthcare spectrum

IMPACT

HFPP's studies enable Partners to take substantive actions to stop fraudulent and improper payments from going out the door.

INSIGHT

HFPP provides Partners with broader visibility into the universe of payments beyond those issued by a single payer.

INNOVATION

Partners work with healthcare fraud experts to identify emerging threats and design new methods to combat them.

BENEFITS FOR HFPP PARTNERS

ENHANCED ANALYTICS

The HFPP is the only organization through which Partners can combine their data with public and private data, including the Centers for Medicare & Medicaid Services (CMS), in order to gain heightened insights into fraud, waste, and abuse.

EXPANDED RESEARCH

Partners inform study criteria and designs for maximum impact, joining forces to address emerging trends with fraud, waste, and abuse implications.

CONFIDENTIALITY & SECURITY

A Trusted Third Party (TTP) enforces the security and de-identification of Partner data. No Partner – public or private – has access to the data of other Partners.

COLLABORATION

Through a variety of HFPP events including Regional Information Sharing Sessions and webinars, Partners leverage their collective experiences to shape the future of the Partnership and combat healthcare fraud across the nation.

To learn more about joining the HFPP, please contact the Trusted Third Party at ttp@gdit.com, or visit our website at hfpp.cms.gov.

For Internal Use by Healthcare Fraud Prevention Partnership (HFPP) Partners Only. The following disclaimer applies: 42 U.S.C. 1320a-7c(a) (6) authorizes the HFPP. All HFPP activities are purely voluntary. HFPP-sponsored communications and activities are to be used solely as avenues by which individual members may share facts, information, or individual input. The Secretary or the Secretary's designees will make the final policies or other decisions.
