ICD-10 Documentation and Coding Concepts Webcast: Family Practice/Internal Medicine

The Centers for Medicare & Medicaid Services (CMS) invites you to view a newly released webcast on ICD-10 documentation and coding concepts for family practice and internal medicine.

To view the webcast please visit cms.gov/ICD10 for a link to "Road to 10," then click on the "Webcast" tab located in the left-hand navigation bar.

An AHIMA-certified coder presents on the webcast, which focuses on unique ICD-10 clinical documentation needs and hot topics for family practice and internal medicine:

- Physician perspective/clinical impact of ICD-10
- Documentation requirements for certain conditions
- Documentation changes and new concepts
- Use of "unspecified" codes in ICD-10

Webcasts for orthopedics, cardiology, pediatrics, and obstetrics and gynecology are already available.
