New OB/GYN Clinical Concepts Guide

To help physicians and other providers get quickly up to speed, CMS is launching the ICD-10 Clinical Concepts Series for specialties.

Posted on the CMS [ICD-10 website](#), each guide in the series compiles key information from the [Road to 10 online tool](#) in a PDF format that can be readily shared, emailed, posted to websites, and printed.

Each guide includes:

- Common ICD-10 codes and corresponding ICD-9 codes
- Clinical documentation tips
- Clinical scenarios
- Links to interactive cases studies, in-depth webinars, and other [Road to 10](#) features

Today, we are releasing Clinical Concepts for [OB/GYN](#), which highlights ICD-10 concepts for conditions like abdominal pain and ovarian cysts, breast lumps, preeclampsia, and more.

Upcoming guides will focus on cardiology, pediatrics, and orthopedics. Stay tuned!

Keep Up to Date on ICD-10
