Updated September-November 2025

Notes:

- 1 - A program with an "Invalid IRP" cannot be entered as an Initial Residency Period without a valid Simultaneous Match. (See other notes below.)
- 2 - A program that "Allows Simultaneous Match" can be entered as an Initial Residency Period (even if Invalid) with an appropriate Broad Based Initial program.
- 3 - A program that "Can Service as Broad Based Initial" can be entered as the Non-IRP First Year program in a Simultaneous Match (as long as the Initial Residency Period allows simultaneous matching).
