On June 2, 2026, the laboratory's CLIA certificate, located at 811 James Ave Suite A, Farmerville, LA 71241 will be **suspended** due to their failure to meet CLIA requirements. In addition, the laboratory's approval to receive Medicare payments will be canceled.

The laboratory was notified on June 2, 2026.

When a laboratory's CLIA certificate is **suspended**, it is required to cease all patient laboratory testing, including waived and provider-performed microscopy testing, regardless of whether or not the laboratory charges for the testing. The laboratory may continue to perform parallel testing on specimens if needed to implement corrective actions; however, the laboratory may not report any test results during the period of suspension.

CMS is committed to patient safety and quality of care.
