

MANAGING DIABETES: COVERAGE & RESOURCES

10 STEPS FOR PEOPLE LIVING WITH DIABETES

Eat well: Find tips, strategies, and ideas for healthy eating.

Manage sick days: Take steps to protect your health.

Get active: Be physically active to stay in control.

Schedule your diabetes care: Put both your daily care and doctor visits on your calendar.

Maintain a healthy weight: Learn how to get to a healthy weight (and stay there).

Be prepared: Plan ahead to manage your diabetes during times of natural disasters, disease outbreaks, and other emergencies.

Manage blood sugar: Know your numbers and how to stay on target.

Find out how diabetes & mental health are connected: Find out how they're connected.

Prevent complications: Learn how to prevent or delay related health problems.

Get education and support: Learn about diabetes self-management training.

HEALTH PLAN COVERAGE

All plans in Marketplace and many other plans must cover preventive services without charging you a copay or coinsurance. This is true even if you haven't met your yearly deductible. Covered services include, but are not limited to:

- **Blood pressure screenings**
- **Cholesterol screenings**
- **Diabetes (type 2) screenings**

In addition to covering preventive services, all plans in Marketplace cover:

- **Ambulatory patient services**
- **Emergency services**
- **Prescription drugs**

Find details at <https://www.healthcare.gov/coverage/what-marketplace-plans-cover/>.

Need more help? You may be able to get help if the company that makes your drugs offers patient assistance programs.

Need health coverage? Visit [HealthCare.gov](https://www.healthcare.gov) to see if you can enroll in a plan.

MEDICARE COVERAGE

Testing and supplies: Find out if your diabetes test, item, or service is covered by Medicare. Download the “What’s covered” Medicare app available on the [Apple Store](#) or [Google Play Store](#).

Medication: Enroll in Medicare Part D for prescription drug coverage that covers diabetes supplies.

Insulin Coverage: Use CMS’s Insulin Savings filter on Medicare Plan Finder to display plans that will offer the capped out-of-pocket costs for insulin.

Self-management training: Find classes in your area to help you with CDC’s [10 Steps for People Living with Diabetes](#).

Medicare Savings Programs: You can get help from your state paying your Medicare premiums.

Extra Help: If you have a limited income, this program can help you pay for Medicare prescription drug program costs.

Visit [Medicare.gov](https://www.Medicare.gov) to find and compare providers in your area.

For additional assistance, visit [Medicare.gov](https://www.Medicare.gov) or call **1-800-MEDICARE (TTY1-877-486-2048)**.
