Medicare Learning Network® (MLN) products, developed by experts at CMS, provide instructors with accurate, timely, easy-to-understand and free health care management information that supplements educational curriculum.

The **"Medicare Learning Network® Suite of Products and Resources for Instructors"** contains over 100 educational tools for use in programs such as health care administration, medical billing and coding. The Suite is designed to provide information to instructors to help them educate students about key Medicare Program issues.

Download the four MLN Suite components now.

The Business of Medicare – Billing, coding, reimbursement, provider enrollment, fee schedules and payment systems

Special Medicare Initiatives – Multiple ways to improve the quality, effectiveness and efficiency of health care services offered by Medicare providers

Medicare Benefits and Services – An overview of preventive services, such as bone density, glaucoma and diabetes

General Medicare Program Information and Resources – Comprehensive resources to provide a full understanding of the Medicare Program

The Medicare Learning Network® — CMS' source for official information for Medicare Fee-For-Service Providers and Health Care Professionals — promotes national consistency, accuracy, awareness and accessibility of new or revised Medicare coverage and payment policies.
