**Notice to Public of Involuntary Termination of Marlborough Hills Rehabilitation & Skilled
Nursing Center**

The Centers for Medicare & Medicaid Services (CMS) is providing notice that on April 19, 2018, Marlborough Hills Rehabilitation & Skilled Nursing Center, will no longer participate in the Medicare program as a Skilled Nursing Facility. The Medicare provider agreement between the Skilled Nursing Facility and the Secretary of Health and Human Services (HHS) will be terminated on April 19, 2018, due to their failure to meet Medicare's basic health and safety requirements.

The facility has been notified that Medicare will cease to pay for services furnished to Medicare and Medicaid beneficiaries admitted after April 7, 2018, 2018 (date of Denial of Payment for New Admissions was imposed), although payment may continue for up to 30 calendar days for patients admitted on or before April 7, 2018. CMS is committed to patient safety and quality of care. We are closely monitoring the relocation of Medicare and Medicaid patients to other facilities.

CMS requires facilities to meet certain health and safety standards to be certified as a Medicare provider. Involuntary termination of a provider agreement is generally a last resort after all other attempts to remedy the deficiencies at a facility have been exhausted. In this instance, the CMS, Northeast Division of Survey, Certification & Enforcement – Region I/Boston, has found that Marlborough Hills Rehabilitation & Skilled Nursing Center is out of compliance with CMS basic health and safety requirements.

While we understand the transfer of patients can be challenging for all parties involved, CMS prioritizes patient safety and care quality. For patients, and their family members, CMS recommends visiting the following websites for additional information:
