## Chapter 1 Section 6 Updates

Edit #	Chapter, Section, Page	MDS 3.0 QM User's Manual Version 18 – Effective October 1, 2025	MDS 3.0 QM User's Manual Version 18 Errata – Effective October 1, 2025	Description of Change
1	Ch1, Section 6, Pg 11	<p><b>Section 6: Re-specification of the Percent of Residents Who Received an Antipsychotic Medication (Long Stay) (CMS ID: N047.01 Measure)</b></p> <p><i>The Percent of Residents Who Received an Antipsychotic Medication (Long Stay) (CMS ID: N047.01)</i> has been re-specified to include Medicare and Medicaid claims and encounter data, in addition to MDS data. The updated measure specifications are included in Table 2-31 of this manual.</p> <p>The re-specified measure will begin public reporting on Care Compare on Medicare.gov in January 2026, and will use 07/01/2025 - 09/30/2025 (Q3 2025) as the initial data collection period. Subsequent updates will follow on a quarterly schedule. Resident-level quality measure results will also be provided. For more information on the CMS reporting modules that will include this measure please see Table A-2.</p>	<p><b>Section 6: Re-specification of the Percent of Residents Who Received an Antipsychotic Medication (Long Stay) (CMS ID: N047.01 Measure)</b></p> <p><i>The Percent of Residents Who Received an Antipsychotic Medication (Long Stay) (CMS ID: N047.01)</i> has been re-specified to include Medicare and Medicaid claims and encounter data, in addition to MDS data. The updated measure specifications are included in Table 2-31 of this manual.</p> <p>The re-specified measure <u>is available on the MDS 3.0 Facility-Level and Resident-Level Quality Measure (QM) Report (iQIES) beginning with Q2 2024.</u> <del>will begin public reporting on Care Compare on Medicare.gov in January 2026, and will use 07/01/2025 - 09/30/2025 (Q3 2025) as the initial data collection period. Subsequent updates will follow on a quarterly schedule. Resident-level quality measure results will also be provided. For more information on the CMS reporting modules that will include this measure please see Table A-2.</del></p>	<p>Updated language clarifies the availability of the respecification of the Percent of Residents Who Received an Antipsychotic Medication (Long Stay) (CMS ID: N047.01) Measure on the iQIES provider reports. It removes any information about public reporting of NHQI measures that is made available through the Design for Care Compare Nursing Home Five-Star Quality Rating System: Technical Users' Guide located <a href="#">here</a>.</p>
