Medicare Secondary Payer Recovery Portal (MSPRP) Go Paperless Webinar

Wednesday, April 13, 2022

The Centers for Medicare & Medicaid Services (CMS) will be hosting an overview of the new “Go Paperless” feature available in the Medicare Secondary Payer Recovery Portal (MSPRP). Insurers and authorized agents may now choose to opt-in to paperless functionality. Once registered, users will be able to quickly and easily access all recovery correspondence including demand letters, using the MSPRP. Opting to “Go Paperless” in combination with the ability to submit correspondence through the MSPRP and the multiple available options for electronic payment will allow your organization to not only reduce the amount of paper that needs to be physically handled, associated workload and environmental impacts, but also eliminate concerns about delays that can arise when information is sent through the mail.

The webinar will feature opening remarks and a presentation, followed by a question and answer session.
