Continuing Education

CMS and the Medicare Learning Network® offer different types of continuing education credit

Continuing Education Credits Offered by CMS

Accreditation Council for Continuing Medicare Education (ACCME)

The Centers for Medicare & Medicaid Services (CMS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

International Association for Continuing Education and Training (IACET)

The Centers for Medicare & Medicaid Services has been accredited as an Authorized Provider by the International Association for Continuing Education and Training (IACET). In obtaining this accreditation, the Centers for Medicare & Medicaid Services has demonstrated that it complies with the ANSI/IACET Standard which is recognized internationally as a standard of good practice. As a result of their Authorized Provider status, Centers for Medicare & Medicaid Services is authorized to offer IACET CEUs for its programs that qualify under the ANSI/IACET Standard.

To view the full accreditation statements, visit http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNEdWebGuide/Downloads/ACCME_IACET_Accreditation_Statements.pdf on the CMS website

Visit a [list of learning activities](#) offering CMEs and CEUs; courses offering credit will have a blue star next to their title.
