

HOW TO DOWNLOAD A MEDICARE LEARNING NETWORK® (MLN) ELECTRONIC PUBLICATION

How to Download an MLN Publication Using a QR Code

- Go to your app store and download a QR Reader app to your hand held device. Many app stores offer several free QR Reader apps.
- Open the QR Reader on your hand held device. Aim the hand held device's camera at the QR code and follow the QR Reader instructions to scan the QR code. Once the QR code is scanned successfully the MLN publication will open.

NOTE: You must have a Wi-Fi or data connection to be able to access the information in a QR code.

How to Download an MLN Publication Using an EPUB® File

For Apple Device Users

- Make sure you have an eReading application on your device. An app can be added through the App store for your device.
- Click on the epub file in the 'Related Links' section of the MLN publication's detail page and download the epub file to your computer.
- Plug your Apple device into your computer. iTunes will open.
- On the left hand side under devices you will see the name of your Apple device.
- Select the epub file you downloaded and drag it into your iTunes library.
- Sync your Apple device.
- The epub will appear in your iBooks.

For Android Device Users

- Make sure you have an eReading application on your device. An app can be added through the App store for your device.
- Click on the epub file in the 'Related Links' section of the MLN publication's detail page and download the epub file to your computer.
- Open your eReading application and click the "Files" icon to open your file folders. Locate the "Download" folder and select it. Click on the ePub file.
- A window will open. Click on "Import to (the name of your eReading application)".
- Once the import is complete go to the home page or your eReading application.
- The epub file will appear in the "Shelf View".
