SUBJECT: October Quarterly Update to 2021 Annual Update of HCPCS Codes Used for Skilled Nursing Facility (SNF) Consolidated Billing (CB) Enforcement

EFFECTIVE DATE: October 1, 2021

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: October 4, 2021

I. GENERAL INFORMATION

A. Background: The Centers for Medicare & Medicaid Services (CMS) periodically updates the lists of Healthcare Common Procedure Coding System (HCPCS) codes that are **excluded** from the consolidated billing (CB) provision of the SNF Prospective Payment System (PPS). Services **excluded** from SNF PPS and CB may be paid to providers, other than SNFs, for beneficiaries, even when in a SNF stay. Services not appearing on the **exclusion** lists submitted on claims to Medicare Administrative Contractors (MACs), including Durable Medical Equipment MACs (DME MACs), will not be paid by Medicare to any providers other than a SNF. For non-therapy services, SNF CB applies only when the services are furnished to a SNF resident during a covered Part A stay; however, SNF CB applies to physical and occupational therapies and speech-language pathology services whenever they are furnished to a SNF resident, regardless of whether Part A covers the stay. In order to assure proper payment in all settings, Medicare systems must edit for services provided to SNF beneficiaries both included and excluded from SNF CB.

The updated lists for institutional and professional billing are available at:

<http://www.cms.gov/Medicare/Billing/SNFCConsolidatedBilling/index.html?redirect=/SNFCConsolidatedBilling/>

B. Policy: Section 1888 of the Social Security Act codifies SNF PPS and CB. Typically, the new coding identified in each update describes the same services that are subject to SNF PPS payment by law. No additional services will be added by these routine updates; that is, new updates are required by changes to the coding system, not because the services subject to SNF CB are being redefined. Other regulatory changes beyond code list updates are noted when and if they occur.

Effective for items and services furnished on or after October 1, 2021, §134 in Division CC of the Consolidated Appropriations Act, 2021 (Pub. L. 116-260) added certain blood clotting factors indicated for the treatment of hemophilia and other bleeding disorders to the statutory list of excluded service codes below:
