SUBJECT: Fiscal Intermediary Shared System (FISS) User Enhancement Change Request (UECR) - Add Inquiry Access for the Holiday Update Screen

I. SUMMARY OF CHANGES: The purpose of this Change Request (CR) is to modify FISS to allow Medicare Administrative Contractors (MACs) to grant view only access to the Holiday Update Screen. Currently, FISS only allows users with update access to view the values in the Holiday Update Screen.

EFFECTIVE DATE: January 1, 2024

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: January 2, 2024

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

III. FUNDING:

For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

I. GENERAL INFORMATION

A. Background: The purpose of this CR is to modify the FISS Operator Control file to allow Inquiry (value I) access to the Holiday Update Screen. User records with an 'I' will be allowed to view the Holiday Update Screen but can't make changes. This CR will also resolve an existing problem where FISS displays the current date in the maintenance date field if a user with update access selects the Holiday Update Screen in inquiry mode.

B. Policy: This is a user enhancement. There is no policy impact.

II. BUSINESS REQUIREMENTS TABLE

"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.
