Pub 100-20 One-Time Notification	Centers for Medicare & Medicaid Services (CMS)
Transmittal 12579	Date: April 12, 2024
	Change Request 13482

Transmittal 12464 issued January 18, 2024, is being rescinded and replaced by Transmittal 12579, dated April 12, 2024, to remove reason codes 32429 and 31967 from Attachment A. Additionally, this correction adds a business requirement (13482.46.2) to allow the contractor to make minor corrections in the code for reason codes marked to only be deleted from the reason code file. All other information remains the same.

SUBJECT: Fiscal Intermediary Shared System (FISS) - Delete Obsolete Reason Codes - Part 4

I. SUMMARY OF CHANGES: The purpose of this Change Request (CR) is to remove logic that assigns obsolete reason codes in the FISS system and to delete records on the reason code file that do not have FISS logic to assign the code. This CR will update the program logic and remove the reason code file records. This CR is part 4 of an effort to remove all the obsolete reason codes identified through FISS research.

III. FUNDING:

For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

I. GENERAL INFORMATION

A. Background: The purpose of this Change Request (CR) is to simplify FISS code by removing obsolete, unused reason codes. FISS is working on in-depth analysis of the contents of the Reason Code file. As a result, FISS has identified many obsolete reason codes that were never removed from the FISS program logic as well as reason codes that are on the FISS file that never had program logic to assign them. FISS met with CMS and the Medicare Administrative Contractors (MACs) to review their findings and it was agreed that the obsolete codes could be permanently removed from FISS.

This CR is the 4th in a series to update the FISS system by removing the logic that assigns deleted or long-term inactivated reason codes and update the reason code file to eliminate unneeded records.

B. Policy: There is no policy impact.
