	<b>Change Request 14219</b>

**Transmittal 13446 issued November 20, 2025, is being rescinded and replaced by Transmittal 13560, dated December 22, 2025 to update business requirements 14219.1 - 14219.4 to remove the bullet about MBI, replace dates of services with from date, and replace from date to through date in the bypass condition. In addition, this correction removes the A/B MACs Part B from provider education. All other information remains the same.**

**SUBJECT: Editing for Hospital Services Provided to Hospice Enrollees**

**I. SUMMARY OF CHANGES:** The purpose of this Change Request (CR) is to prevent duplicate payments for services provided by acute-care hospitals to hospice enrollees. Office of Inspector General (OIG) Audit: A-09-23-03024, reports that Medicare improperly paid acute-care hospitals an estimated \$190 million over 5 years for outpatient services provided to hospice enrollees.

**EFFECTIVE DATE: April 1, 2026**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: April 6, 2026**

**I. SUMMARY OF CHANGES:** The purpose of this Change Request (CR) is to prevent duplicate payments for services provided by acute-care hospitals to hospice enrollees. Office of Inspector General (OIG) Audit: A-09-23-03024, reports that Medicare improperly paid acute-care hospitals an estimated \$190 million over 5 years for outpatient services provided to hospice enrollees.

## **II. GENERAL INFORMATION**

**A. Background:** The OIG conducted an audit of Medicare Part B claims for outpatient services that acute-care hospitals provided to hospice enrollees and found that Medicare improperly paid an estimated \$190 million over 5 years for outpatient services to these hospitals for services that were related to the hospice enrollee's terminal illness and related conditions. These services were already covered as part of the hospice per diem payments and should have been provided directly by the hospices or under arrangements between the hospices and acute-care hospitals. The acute-care hospitals improperly billed Medicare using condition code 07 on their outpatient claims, indicating that the outpatient services were not related to the enrollees' terminal illnesses and related conditions.

CMS will enhance the current systems' edits to help reduce improper payments for services provided by acute-care hospitals to hospice enrollees. This CR will create a new edit to automatically compare the primary diagnosis codes on hospital inpatient and hospital outpatient claims with the hospice claim's primary diagnosis codes, by doing an exact match of diagnoses. The edit will deny hospital inpatient claims and hospital outpatient claims when there is a hospice claim for the same Medicare beneficiary within the same covered period with condition code 07 with same primary diagnosis.

#### IV. PROVIDER EDUCATION

Medicare Learning Network® (MLN): CMS will develop and release national provider education content and market it through the MLN Connects® newsletter shortly after we issue the CR. MACs shall link to relevant information on your website and follow IOM Pub. No. 100-09 Chapter 6, Section 50.2.4.1 for distributing the newsletter to providers. When you follow this manual section, you don't need to separately track and report MLN content releases. You may supplement with your local educational content after we release the newsletter.
