

Additional Reconsideration Information for Hospice

June 16, 2014

How do users view submitted data for Hospice program participants?

The two (2) hospice measures that this document will assist with are for the structural measure, “Participation in a QAPI Program that Includes at Least Three Quality Indicators Related to Patient Care”, and for submission of data collected from January 1, 2013 through December 31, 2013 for the National Quality Forum (NQF)-endorsed measure related to pain management, NQF #0209. Both measures were to be reported by April 1, 2014.

1) Begin by logging into the Hospice Quality Reporting Program web page:

The screenshot shows the login page for the Hospice Quality Reporting Program. The page has a blue header with the title "Hospice Quality Reporting Program" and links for "Register" and "Login". Below the header is a navigation bar with an "About" button. The main content area is titled "LOGIN" and contains the following text: "Please enter your CCN and password. You must [register](#) if you do not have an account." Below this text is a form titled "Account Information" with two input fields: "CCN:" and "My Password:". There is a "Login" button and a "[Forgot password?](#)" link below the form.

2) After logging in, confirm that there were submissions for both QAPI participation and for the pain management measurement information.

For further information regarding accessing the web page, locating the submission information for these two measures, please email help@qtso.com. For answers to

other NQF #0209 measurement reporting questions, please email
HospiceQualityQuestions@cms.hhs.gov
