

Centers for Medicare & Medicaid Services
**Serving American Indians
and Alaska Natives in**
Arizona, Nevada, and Utah

Centers for Medicare & Medicaid Services (CMS) staff work with beneficiaries, health care providers, state governments, community groups, and others to provide education and outreach about CMS programs.

American Indians and Alaska Natives

If you have questions about CMS programs in relation to American Indians or Alaska Natives:

- email the CMS Division of Tribal Affairs at **tribalaffairs@cms.hhs.gov**, or
- contact a CMS Native American Contact (NAC).
For a list of NACs and their information, visit **<https://go.cms.gov/NACTAGlist>**

To contact **Indian Health Service** in these states, contact the Phoenix Area Office at 1 (602) 364-5300 or at **<https://www.ihs.gov/phoenix/contactus/>**.

Why Enroll in CMS Programs?

Patients who enroll in CMS programs help support their Indian health hospital and clinics, their own health, and the health of others.

Patients enrolled in Medicaid, the Children's Health Insurance Program, or Medicare enable Indian health hospitals and clinics to bill these programs for services provided. These programs bring money into the health care facility, which the facility can then use to hire more staff and pay for new equipment and building renovations. It can also save Purchased Referred Care dollars for other patients.

State-by-State Assistance

Find information about coverage and Indian health facilities in your state.
The map included in this booklet shows the location of these facilities.
