Delivered to you by the Partner Relations Group in the Office of Communications

All releases below are from 2pm Thursday, December 21, 2023 through 2pm Thursday, January 4, 2024.

News Releases

*December 21- Biden-Harris Administration Announces New Action to Increase Naloxone Access in Federal Facilities Across the Nation. Latest action advances President Biden’s Unity Agenda efforts to beat the overdose epidemic, continuing commitment to a whole-of-society effort to prevent fatal overdoses, reduce stigmatization associated with addiction, and save lives. Washington, D.C. – Today, in support of President Biden’s Unity Agenda efforts to beat the overdose epidemic, the U.S. Department of Health and Human Services (HHS) and the General Services Administration (GSA) announced new guidance recommending that all federal facilities across the nation include overdose reversal medications in their safety stations on site. The recommendation will make life-saving medications like naloxone more readily available in case of an emergency situation.

*December 29- CMS Roundup (Dec. 29, 2023). Today, the Centers for Medicare & Medicaid Services (CMS) provides an at-a-glance summary of news from around the agency.

*January 3, 2024- Readout of HHS Secretary Becerra’s Meeting with Long-Term Care Facility Leaders. Secretary Becerra reminded leaders of their obligations to offer and educate residents and staff on vaccines in order to increase low COVID-19 vaccination rate among nursing home residents and staff. On Wednesday, January 3, U.S. Department of Health and Human Services (HHS) Secretary Xavier Becerra met virtually with long-term care facility (LTCF) leaders to express concerns about low vaccination rates among nursing home residents and remind industry leaders of their obligations to offer the COVID-19 vaccine to residents and staff.
