### **Evolution of Excellence: The CMS QIN-QIO Program Transition from the 12th to 13th Statement of Work**

**LinkedIn and Facebook:**

#### **EXCITING NEWS: Healthcare Quality Gets a Major Upgrade!**

The Centers for Medicare & Medicaid Services just transformed the largest federally funded quality improvement program in the country! The QIN-QIO 13th Statement of Work brings revolutionary changes to healthcare quality improvement.

#### **What's New:**

- Advanced technology with real-time data sharing
- Partnership approach that reduces provider burden
- 7 QIN QIOs supporting thousands of healthcare facilities including hospitals, nursing homes and outpatient clinical practices

**Why It Matters:** This program helps Medicare beneficiaries receive better, safer care while giving healthcare providers the modern tools and support they need to succeed. The transformation moves from oversight TO partnership, supporting the Make America Healthy Again initiative! Learn more [here](#)
