#### **Federal Healthcare Program Supports Making America Healthy Again!**

The Centers for Medicare & Medicaid Services has launched the QIN-QIO 13th Scope of Work, directly supporting Secretary Kennedy's vision for healthier American communities.

#### **What This Means for Healthcare:**

- Safer Hospitals
- Technology Modernization
- Reduced Administrative Burden

**Why It Matters:** This program represents a shift from federal mandates to true partnership with local healthcare providers, strengthening community healthcare infrastructure while improving outcomes for Medicare beneficiaries.
