System Security Plan (SSP) Workbooks

Appendix A:

**High Security Requirements SSP
Workbook**

**FINAL
Version 1.5
July 31, 2012**

(This Page Intentionally Blank)

1 INTRODUCTION

Associated workbooks for control implementation (Appendices A, B, and C) have been superseded. Instead, all control implementation information is to be documented in the CMS FISMA Controls Tracking System (CFACTS) in accordance with procedures published in Volume II of the CMS *Risk Management Handbook (RMH)*.
