Notice to Public of Involuntary Termination of Trinity Healthcare Residence

The Centers for Medicare & Medicaid Services (CMS) is providing notice that on December 13, 2018, Trinity Healthcare Residence, 8001 Western Hills Blvd, Fort Worth, Texas, will no longer participate in the Medicare program. The Medicare provider agreement between Trinity Healthcare Residence and the Secretary of Health and Human Services (HHS) is to be terminated on December 13, 2018, due to their failure to meet Medicare's health and safety requirements after 6 months.

The facility has been notified that Medicare will cease to pay for services furnished to Medicare and Medicaid beneficiaries admitted after December 13, 2018. Payment may continue for up to 30 calendar days for patients admitted on or before December 13, 2018. CMS is committed to patient safety and quality of care. We will be monitoring the possible relocation of Medicare and Medicaid patients to other facilities.

CMS requires facilities to meet certain health and safety standards to be certified as a Medicare provider. Involuntary termination of a provider agreement is generally a last resort after all other attempts to remedy the deficiencies at a facility have been exhausted. In this instance, Dallas Regional Office, has found that Trinity Healthcare Residence is out of compliance with CMS health and safety requirements.

If relocation of residents and patients becomes necessary, CMS recommends visiting the following websites for additional assistance through the relocation process:

- Nursing Home Compare Website
- Hospital Compare Website
