

Continuing Education Activity

Title: Pressure Ulcer System Solutions

Presented by: Dr. Matthew and Dr. Amir Siddiqui

Date: August 22, 2013
Estimated Time: 1 Hour 30 minutes
Course Format: In-person Presentation

Course Fee: Free

Activity Goal/Description: This presentation will provide participants with information that they need to be aware of regarding emerging recommendations and technology about risk factors related to pressure ulcers and new technology, that will help them to provide better patient outcomes.

Target Audience: Physicians and other Health Care Professionals

Activity Learning Objective

By the end of this presentation learners will be able to correctly:

- Identify emerging recommendations for improved identification of the risk factors for pressure ulcers.
- Recognize the benefit of a multidisciplinary approach to caregiver education in the contest of pressure ulcers and their treatment.
- Recognize the role of pressure mapping technology in the turning treatment of long-term care patients.

Activity Credit:

Accreditation Council for Continuing Medical Education (ACCME)

ACCME Accreditation Statement

ACCME Designation Statement

The Centers for Medicare & Medicaid Services designates this **enduring material** for a maximum of $\underline{1}$ <u>AMA PRA Category 1 Credit</u>TM. Physicians should only claim credit commensurate with the extent of their participation in the activity. Credit for this course expires <u>August 22, 2014</u>.

IACET International Association for Continuing Education and Training (IACET)

IACET Accreditation Statement

IACET Designation Statement

The Centers for Medicare & Medicaid Services (CMS) is authorized by IACET to offer <u>.1 CEU</u> for this program. CEU will be awarded to participants who meet all criteria for successful completion of this educational activity. CEU credit for this course expires August 22, 2016.

Authors and Disclosures:

All planners and developers of this activity have signed a disclosure statement indicating any relevant relationships and financial interests. This activity was developed without commercial support.

Dr. Siddiqui has nothing to disclose.

Dr. Siddiqui has been employed at Henry Ford Health System since 1999 in the Division of Plastic and Reconstructive Surgery and has been an Assistant Professor at Wayne State University School of Medicine since 2007. He has served as the Division Head since 2008. He serves on the Quality and health Information Committee for the American Society of Plastic Surgeons. He was the 2013 Program Chair for the Wound Healing Society Annual Meeting. He is an Associate Editor for the Annals of Plastic Surgery. He is on the Board of Directors for the National Pressure Ulcer Advisory Panel.

Dr. Pompeo has disclosed that he is on the Hollister Speaker Bureau and a shareholder in DEENA Technology. His work with Hollister and DEENA will not impact his presentation on technology related to pressure ulcers. He has agreed that there will be no bias in his presentation.

Dr. Pompeo is board certified in General and Cardiothoracic surgery and is a Certified Wound Specialist Physician in private practice for complex wounds since 1995. Dr. Pompeo sees patients in acute and long term care facilities and in the clinic setting and performs most of the wound related surgeries on his patients. In addition he has been an expert witness in over 100 malpractice cases related to wound care. New technology to advance wound care is Dr. Pompeo's main interest and he has been at the forefront of testing technology in clinical settings to reduce tissue injury related to pressure (decubitus) wounds.
