**SUBJECT:** Medicare GLP-1 Bridge Monthly Utilization Reports

The purpose of this memorandum is to announce that the Centers for Medicare & Medicaid Services (CMS) will use the Additional Beneficiary Information Initiative (ABII) portal to share data with Part D plan sponsors (except for PACE Organizations, Cost Plans, and Private Fee-For-Service Plans) about their enrollees' Medicare GLP-1 Bridge utilization. CMS expects to issue these reports, referred to as the GLP-1 Utilization Report, on a monthly basis beginning this fall.

The GLP-1 Utilization Report will be organized at both the contract-level and plan-level. Each report includes a Contract Number of Record and Plan Benefit Package (PBP) of Record to identify the applicable contract and PBP, respectively. CMS will distribute reports at the contract-level through the ABII portal, while ensuring that plan-level data is uniquely attributed to each PBP. Each report will reflect utilization data for Medicare GLP-1 claims received during the applicable reporting month.

CMS will release a subsequent memorandum that describes the detailed specifications. The monthly reports will include the following data elements:

| FIELD NAME                               | DEFINITION                                                                                                         |
