Re: Suspicious Pharmacy Medicare Part D Billing in Florida

CMS has reason to believe that 5V Pharmacy in Miami, FL may have been involved in inappropriate billing of Part D drugs to the Medicare program. The Southeast Medicare Drug Integrity Contractor (MEDIC), Health Integrity, conducted an investigation of 5V Pharmacy which indicated that 5V may be submitting claims for prescriptions created by the pharmacist as well as automatically refilling prescriptions for patients without their knowledge or consent. The information the MEDIC has received so far indicates that 5V has submitted Part D claims from January 2006 and continues to do so at the time of this alert. 5V was raided by DEA on April 22, 2007. Please find the specific information about 5V Pharmacy below:
