Appendix 3 – Glossary of Terms and Acronyms	20

I. EXECUTIVE SUMMARY

Background

UHC of New England, Inc. (UHC Rhode Island (RI)) is a health insurance issuer that offered qualified health plans (QHPs) in the individual market State-Based Exchange (SBE) in Rhode Island during the 2015 benefit year. The state of Rhode Island submitted UHC (RI)'s final restated 2015 benefit year data in the July 2016 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$2,205,253.46 in advance payments of the premium tax credit (APTC) from the Centers for Medicare & Medicaid Services (CMS) and the SBE reported a total of \$4,605,188.58 in premiums for the issuer's 2015 benefit year individual market plans.

This report is an assessment, conducted in coordination with the SBE, of UHC (RI)'s compliance with the APTC program established in sections 1401 and 1412 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 (collectively referred to throughout as PPACA), and implementing regulations. This report also details the results of the assessment of premiums for information purposes only as CMS did not charge user fees to issuers offering QHPs through SBEs during the 2015 benefit year.

Audits to Determine Compliance with the Administration of APTC Program

Under title 45 of the Code of Federal Regulations (CFR) sections §§ [155.1210](#) and [156.480](#), the Department of Health and Human Services (HHS) may audit¹ issuers that offer a QHP in the individual market through an Exchange to assess the degree of compliance with the APTC program requirements. HHS designates CMS to conduct these audits and to achieve the following objectives:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit is part of CMS's program to validate the enrollment and payment data reported in the final 2015 EPDW submitted by the SBE, and to analyze controls and policies of selected issuers pursuant to the authority defined in 45 CFR §§ 155.1210 and 156.480.

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

The findings and observations are documented below. If CMS found an instance of issuer non-compliance with APTC program requirements that requires correction to the APTC reported in the final EPDW, then CMS classified it as a *finding*. If CMS found a deviation from CMS or Exchange requirements that we are calling to the attention of management for purposes of improving compliance in future program years, but that does not require correction to payment, then CMS categorized it as an *observation*.

Results of Review

CMS identified three (3) observations for UHC (RI). The observations include the following:

1. Differences in premium and APTC amounts identified in the comparison of the issuer's data included in the July 2016 EPDW submitted by the SBE to a Payment Desk Audit File containing subscriber level data from UHC (RI)'s systems;
2. Inclusion of incorrectly prorated premium data for one (1) subscriber in the Payment Desk Audit File; and
3. Reporting of incorrect amounts for three (3) of the forty-five (45) selected subscribers in the Payment Desk Audit File and provision of an extra month of coverage for one (1) of the forty-five (45) selected subscribers in the Payment Desk Audit File as the amounts and coverage periods were not updated following a transaction received from the SBE.

Please refer to section IV for details on the observations listed above, including the condition, cause, effect, corrective actions, and the issuer's responses.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1412 of the PPACA established the APTC program to support the provision of affordable health care coverage to individuals.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC program. As such, CMS established this audit program.

Interim Payment Process

In 2015, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance cost-sharing reduction (CSR) amounts. CMS used this interim payment process to calculate payments for all SBE issuers for the 2015-2017 benefit years. CMS transitioned most SBE issuers to policy-based payments (PBP) in 2018 and transitioned the last SBE to PBP in 2020.

For the 2015 benefit year, the interim payment process required SBE submitters, including the state of Rhode Island, to submit enrollment and payment data on behalf of its issuers on a monthly basis, including any adjustments to previous months’ requests, via manual submission of an EPDW, and to attest to the accuracy of the data. SBE submitters were required to calculate the QHP enrollment and payment amounts and to submit that information in the EPDW using their internal source data.

CMS calculated and made monthly payments based on the QHP data submitted in the EPDW. While using this interim process, CMS designed and implemented a robust set of internal controls within a larger program integrity framework to ensure payment accuracy. CMS required submitters to send the following QHP plan information at the variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total effectuated enrollment groups
9. Total effectuated enrollment groups with APTC
10. Total effectuated enrollment groups with advance CSR
11. Total effectuated members
12. Total effectuated members with APTC
13. Total effectuated members with advance CSR

CMS conducted a SBE payment close-out process for the 2015 benefit year in which CMS compared the EPDW data against the policy-level reporting (PLR) data submitted by the SBE. The PLR data was based on the monthly submissions that SBEs sent to the Internal Revenue Service (IRS) for reporting purposes and contained cumulative individual market enrollment APTC data. CMS requested that SBEs append an additional field for the QHP ID for each policy and separately submit the data to CMS for this purpose. CMS asked SBEs or SBE issuers to explain any outlier discrepancies between EPDW and PLR data and to re-submit the EPDW, if necessary, or to verify that payment data was accurate despite discrepancies with PLR data.

B. Regulations Governing APTC Program

CMS established an audit protocol to assess health insurance issuers' compliance with the following regulations governing APTC program:

- [45 CFR § 155.1210](#): Maintenance of Records;
- [45 CFR § 156.460](#): Reduction of enrollee's share of premium to account for advance payments of the premium tax credit; and
- [45 CFR § 156.480](#): Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.

Please refer to Appendix 2 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of this audit are to:

- (1) Evaluate the accuracy and integrity of SBE-generated EPDW data reported for premiums and the APTC program;
- (2) Identify potential CMS APTC payment errors resulting from issuer or SBE data reporting errors;
- (3) Test accuracy and integrity of issuer processes for reducing an enrollee's share of premium to account for APTCs.

D. Scope and Methodology

CMS selected UHC (RI) for an audit to assess the issuer's compliance with 45 CFR §§ 155.1210, 156.460 and 156.480. CMS evaluated UHC (RI)'s activities related to the 2015 benefit year (January 1, 2015 through December 31, 2015) individual market data reported in the final EPDW submitted in July 2016 by the SBE to CMS to support APTC payments and premium amounts.

CMS sent UHC (RI) an electronic letter on February 15, 2019 to notify them of the scope of this audit. CMS's audit contractor sent a follow-up letter to UHC (RI) on February 20, 2019 that identified data requirements required to conduct the audit. CMS's audit contractor reviewed the audit data file submitted by UHC (RI), as well as the final 2015 EPDW submitted by the SBE to CMS and the PLR data submitted by the SBE to CMS, and used CMS's audit procedures to assess compliance with APTC program rules and regulations.

CMS's audit contractor applied CMS's audit protocol to identify the findings and observations listed in section IV of this report. CMS's audit contractor performed the following procedures²:

- Validations of the Payment Desk Audit File data submitted to CMS:
 - EPDW Validations: Review and comparison of the SBE's final submitted 2015 EPDW to the Payment Desk Audit File from the issuer's systems.
 - Unreconciled Subscribers Review: Review and comparison of the subscribers reported in the Payment Desk Audit File to the subscribers included in the SBE's PLR data to determine if the subscribers existed and their coverage was effectuated in the issuer's system (i.e., the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber).
 - Duplicate Exchange-assigned Subscriber IDs Check: Review of the Payment Desk Audit File containing subscriber level data from the issuer's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e., Exchange-assigned subscriber IDs that were reported in the file twice in the same month with full month or incorrectly prorated payment data) were not reported in the file.
 - Premium Less than APTC Validation: Review of the Payment Desk Audit File to verify that the subscribers' premium amounts reported in the file were not less than the APTC amounts reported in the file.
 - Coverage Days Validation: Review of the Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.
- Validations on samples of issuer's systems data:
 - Forty-five (45) Subscribers Sample Review: Review and comparison of the coverage periods, premium and APTC amounts from the issuer's systems to the corresponding data included in the SBE's PLR data for a selected sample of forty-five (45) subscribers.
 - Fifteen (15) Subscribers Sample Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

² The Payment Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

III. RESULTS OF REVIEW

CMS assessed issuer compliance with regulations using the following procedures: EPDW Validations, Unreconciled Subscribers Review, Duplicate Exchange-assigned Subscriber IDs Check, Premium Less than APTC Validation, Coverage Days Validation, Forty-five (45) Subscribers Sample Review, Fifteen (15) Subscribers Sample Review, and Policy and Procedure Review.

To build collaborative relationships and identify process improvements that support program integrity goals, CMS conducted a discrepancy phase following the review of the initial audit data submission to work with the issuer to resolve or reduce audit findings, thereby improving compliance. Additional follow-up with the SBE was performed as necessary to confirm or resolve the identified audit findings. Below are the results of this review following the discrepancy phase.

EPDW Validation

No findings and one (1) observation resulted from the comparison of the final 2015 EPDW submitted by the SBE to UHC (RI)'s Payment Desk Audit File. Please refer to Observation No. 1 included in section IV for details on the observation.

Unreconciled Subscribers Review

No findings or observations resulted from the review of UHC (RI)'s Payment Desk Audit File to determine if the subscribers reported in the file existed in the SBE's PLR data and their coverage was effectuated in the issuer's systems.

Duplicate Exchange-assigned Subscriber IDs Check

No findings and one (1) observation resulted from the review of UHC (RI)'s Payment Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported in the file. Please refer to Observation No. 2 included in section IV for details on the observation.

Premium Less than APTC Validation

No findings or observations resulted from the review of UHC (RI)'s Payment Desk Audit File to verify that subscribers were not reported in the file with premium amounts that were less than the APTC amounts.

Coverage Days Validation

No findings or observations resulted from the review of UHC (RI)'s Payment Desk Audit File to verify that enrollments of five (5) days or fewer reported in the file were effectuated and had active coverage in the issuer's systems.

Forty-five (45) Subscribers Sample Review

No findings and one (1) observation resulted from the review and comparison of the data from UHC (RI)'s systems to the corresponding data included in the SBE's PLR data to determine accuracy of the reported enrollment months and the application of premium and APTC for a selected sample of forty-five (45) subscribers. Please refer to Observation No. 3 included in section IV for details on the observation.

Fifteen (15) Subscribers Sample Review

No findings or observations resulted from the review of the data and documentation from UHC (RI)'s systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of fifteen (15) subscribers.

Policy and Procedure Review

No findings or observations resulted from the review of UHC (RI)'s APTC policies and procedures.

IV. FINDINGS AND OBSERVATIONS

A finding is an identification of an instance of issuer non-compliance with APTC program requirements that requires correction to payment. CMS's audit procedures identified no findings that resulted in a change to the APTC amounts reported in UHC (RI)'s EPDW submitted by the SBE for individual market plans for the 2015 benefit year.

An observation is a deviation from CMS or Exchange requirements that we are calling to the attention of management for purposes of improving compliance in future program years but that does not require correction to payment. CMS's audit procedures identified three (3) observations that did not result in a change to the APTC or premium amounts reported in UHC (RI)'s EPDW but that is noted for purposes of improving compliance in future program years.

In light of the three (3) observations, the adjusted 2015 benefit year EPDW APTC and premium amounts for individual market plans are shown in the following table.

Recalculated EPDW for the 2015 Benefit Year

	APTC	Premium (Observations)
EPDW as Filed by the SBE in July 2016	\$2,205,253.46	\$4,605,188.58
Observation No. 1 – EPDW Validations Adjustment	\$0.00	\$0.00
Observation No. 2 – Duplicate Exchange-assigned Subscriber IDs Check Adjustment	\$0.00	\$0.00
Observation No. 3 – Forty-five (45) Subscribers Sample Review Adjustment	\$0.00	\$0.00
EPDW As Recalculated	\$2,205,253.46	\$4,605,188.58
Total Impact	\$0.00	\$0.00

Note: Positive APTC values indicate funds owed to the issuer.

The net financial impact of the audit is \$0.00. For the three (3) observations, CMS documented the criteria, cause, effect, corrective actions, and UHC (RI)'s responses as seen in the charts below.

Observation No. 1 – EPDW Validations	
Condition:	<p>APTC Differences – For one (1) or more months of 2015 benefit year enrollment in twelve (12) QHPs, the net “Total APTC Amount by QHP ID for effectuated enrollments” included in UHC (RI)’s EPDW submitted by the SBE was less than the total APTC amount included in UHC (RI)’s Payment Desk Audit File, resulting in an understatement of \$12,170.32 in APTC. For the one (1) or more months of 2015 benefit year enrollment in twelve (12) QHPs, the total net enrollment in the EPDW was understated by eighty-nine (89) APTC enrollment groups and understated three hundred and forty-six (346) APTC members.</p> <p>Premium Differences – For one (1) or more months of 2015 benefit year enrollment in fourteen (14) QHPs, the net “Total Premium Amount by QHP ID for effectuated enrollments” included in UHC (RI)’s EPDW submitted by the SBE was less than the total premium amount included in UHC (RI)’s Payment Desk Audit File, resulting in an understatement of \$42,311.30 in premiums. For the one (1) or more months of 2015 benefit year enrollment in fourteen (14) QHPs, the total net enrollment in the EPDW was understated by one hundred (100) enrollment groups and understated by three hundred and forty-four (344) members.</p>
Criteria:	<p>Pursuant to CMS guidance and EPDW submission requirements:</p> <p>The “Total APTC amount by QHP ID for effectuated enrollments” submitted on the EPDW is the “total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID.”</p> <p>The “Total premium amount by QHP ID for effectuated enrollments” submitted on the EPDW is the “total premium amount for the health coverage for all effectuated enrollments within that plan.”</p>
Cause:	<p>The issuer indicated the following:</p> <ol style="list-style-type: none"> “1. The RI Exchange was a state that managed their own billing and collection administration to the member and communicated all enrollment, cancellation and non-pay terminations to UHC. UHC internally updated billing as a placeholder for financial administrative purposes. UHC billing was not member-facing. 2. Ongoing state reconciliation activity was managed manually through discrepancy reports back and forth between UHC and RI and not through outbound 834 files back to the state. 3. Ongoing reconciliation activity might have resulted in additional updates and corrections, as well, that were completed after the CMS 2015 final submission window.”

Observation No. 1 – EPDW Validations	
	The SBE indicated “HealthSource RI (HSRI) has reviewed and agrees with the carrier response” and agreed with the discrepancy noted between the APTC amount reported in the issuer’s Payment Desk Audit File and the EPDW submitted by the SBE in July 2016. The SBE performed enrollment and billing on behalf of the issuer, however neither the issuer nor the SBE provided additional information or documentation to support the additional APTC amounts that were reported on the issuer's Payment Desk Audit File and therefore CMS concluded no additional payment will result.
Effect:	The APTC and premium differences identified did not result in a change to UHC (RI)’s final, restated 2015 benefit year EPDW data submitted by the SBE. Pursuant to CMS audit procedures for SBEs that submitted workbooks to CMS, CMS will not make additional APTC payments to SBE issuers based on the issuer’s and SBE’s audit responses, unless the SBE or issuer also provide additional documentation to support those payments. Therefore, CMS will continue to use the SBE-submitted EPDW as the final source of truth for payment and will not make adjustments based on the issuer’s Payment Desk Audit File that includes additional enrollments and APTC that did not exist in the SBE-submitted EPDW.
Corrective Action Required:	CMS notes this observation for purposes of improving compliance in future program years.
Management Response:	UHC of New England agrees with Observation No. 1.

Observation No. 2 – Duplicate Exchange-assigned Subscriber IDs Check	
Condition:	UHC (RI) understated the 2015 benefit year premium amounts for one (1) subscriber in the Payment Desk Audit File by reporting incorrectly prorated payment data for the subscriber in a month with a mid-month termination and re-enrollment.
Criteria:	Pursuant to the HHS Notice of Benefit and Payment Parameters for 2015 and 45 CFR § 155.240, Exchanges may establish one or more standard processes for premium calculation.
Cause:	The issuer indicated, “Change prorated per Newborn SEP file received. Proration was based on 30 day (average month) instead of 31 days, actual number of days in prorated month.”

Observation No. 2 – Duplicate Exchange-assigned Subscriber IDs Check	
	Upon review of the issuer's Payment Desk Audit File, CMS noted there were only two (2) subscribers with partial months of coverage, including the one (1) subscriber identified with the incorrectly prorated amounts. The second subscriber had correctly prorated amounts for the mid-month termination and re-enrollment in February.
Effect:	The inclusion of the incorrectly prorated premium amounts for the one (1) subscriber resulted in an understatement of \$3.92 in premiums in UHC (RI)'s Payment Desk Audit File.
Corrective Action Required:	CMS notes this observation for purposes of improving compliance in future program years.
Management Response:	UHC of New England agrees with Observation No. 2.

Observation No. 3 – Forty-five (45) Subscribers Sample Review	
Condition:	UHC (RI) reported the incorrect APTC amount for three (3) of the forty-five (45) selected subscribers, and reported the incorrect premium amount for two (2) of those subscribers, in the Payment Desk Audit File as a back-dated change transaction received from the SBE was not correctly processed. Additionally, UHC (RI) provided an extra month of coverage for one (1) of the forty-five (45) selected subscribers as a termination file received from the SBE was not correctly processed.
Criteria:	Pursuant to 45 CFR § 156.460, a QHP issuer that receives notice from the Exchange that an individual enrolled in the issuer's QHP is eligible for an advance payment of the premium tax credit must reduce the portion of the premium charged to or for the individual for the applicable months by the amount of the advance payment of the premium tax credit and notify the Exchange of the reduction in the portion of the premium charged to the individual. Additionally, pursuant to 45 CFR § 156.270, QHP issuers must abide by the termination of coverage effective dates described in § 155.430(d)(4).
Cause:	<p>The issuer indicated the issues for the four (4) subscribers were the result of isolated, manual processing errors.</p> <p>During the audit, CMS coordinated with the issuer to request an explanation surrounding how it determined the issues were manual in</p>

Observation No. 3 – Forty-five (45) Subscribers Sample Review	
	<p>nature and had no impact on other enrollments. The issuer indicated, “All transactions are tracked in the system with certain identifiers. System transactions will have certain system attributes/codes vs. manual transactions that will align a specific user name value reflecting the individual that completed a transaction or an account update. These manual transactions occurred as a result of requests from the state, the consumer, or as a result of our internal file review process, thus having no impact on other enrollments.”</p> <p>The SBE performed enrollment and billing on behalf of the issuers and submitted the EPDW on behalf of the issuers; therefore, CMS notes the issues for informational purposes.</p>
Effect:	The issuer did not follow CMS enrollment guidance and requirements set forth in 45 CFR § 156.460 or 45 CFR § 156.270 as the issuer did not adjust the subscribers’ accounts to include the correct amounts or termination dates based on a back-dated transaction received from the SBE.
Corrective Action Required:	CMS notes this observation for purposes of improving compliance in future program years.
Management Response:	UHC of New England agrees with Observation No. 3.

V. MANAGEMENT RESPONSES

Please provide management's response to the three (3) observations identified in the draft audit report and complete the attached Appendix 1 - Issuer Management Response to Net Financial Adjustment (Appendix 1), within thirty (30) calendar days from the draft audit report date. Management's response should indicate agreement or disagreement.

Agreement

If management agrees with the three (3) observations, complete the "Management Response" field of the observations in the draft audit report, and initial "Agree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 within thirty (30) calendar days from the draft audit report date. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Disagreement

If management disagrees with any of the three (3) observations, complete the "Management Response" field of the observations in the draft audit report, and initial "Disagree" and sign the attached Appendix 1. Return the draft audit report including Appendix 1 and any supporting documentation that substantiates management's response within thirty (30) calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanations in the "Management Response" field of the observations and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Please return the updated Appendix 1 within fifteen (15) calendar days. Upon receipt of the signed Appendix 1, CMS will finalize and publish the report on the CCIIO webpage. CMS will process the final payment adjustment amount in the next available monthly payment cycle.

Appendix 1 -- Issuer Management Response to Net Financial Adjustment

Issuer HIOS ID: 79881

Issuer Name: UnitedHealthcare of New England, Inc. (UHC (RI))

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the audit report of the issuer's 2015 benefit year APTC program participation, resulting in a payment of \$0.00 and:

(INITIAL) CB Agrees with the audit net adjustment amount above, confirming the audit finding(s) and observation(s), if applicable, and as such this report will be considered final and published.

OR

(INITIAL) _____ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2015 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within thirty (30) calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually acceptable manner. If you and CMS are unable to come to a mutually acceptable result, your response to this report will be included in the final published audit report.

Appendix 2 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Rules
45 CFR § 155.1210 – Maintenance of Records	<p>(a) General. The State Exchange must maintain and must ensure its contractors, subcontractors, and agents maintain for 10 years, documents and records (whether paper, electronic, or other media) and other evidence of accounting procedures and practices, which are sufficient to do the following:</p> <ul style="list-style-type: none">(1) Accommodate periodic auditing of the State Exchange's financial records; and(2) Enable HHS or its designee(s) to inspect facilities, or otherwise evaluate the State- Exchange's compliance with Federal standards. <p>(b) Records. The State Exchange and its contractors, subcontractors, and agents must ensure that the records specified in paragraph (a) of this section include, at a minimum, the following:</p> <ul style="list-style-type: none">(1) Information concerning management and operation of the State Exchange's financial and other record keeping systems;(2) Financial statements, including cash flow statements, and accounts receivable and matters pertaining to the costs of operations;(3) Any financial reports filed with other Federal programs or State authorities;(4) Data and records relating to the State Exchange's eligibility verifications and determinations, enrollment transactions, appeals, and plan variation certifications; and(5) Qualified health plan contracting (including benefit review) data and consumer outreach and Navigator grant oversight information. <p>(c) Availability. A State Exchange must make all records and must ensure its contractors, subcontractors, and agents must make all records in paragraph (a) of this section available to HHS, the OIG, the Comptroller General, or their designees, upon request.</p>

Regulation	Rules
<p>45 CFR § 156.460 - Reduction of enrollee's share of premium to account for advance payments of the premium tax credit</p>	<p>(a) Reduction of enrollee's share of premium to account for advance payments of the premium tax credit. A QHP issuer that receives notice from the Exchange that an individual enrolled in the issuer's QHP is eligible for an advance payment of the premium tax credit must—</p> <ul style="list-style-type: none"> (1) Reduce the portion of the premium charged to or for the individual for the applicable month(s) by the amount of the advance payment of the premium tax credit; (2) Notify the Exchange of the reduction in the portion of the premium charged to the individual in accordance with § 156.265(g); and (3) Include with each billing statement, as applicable, to or for the individual the amount of the advance payment of the premium tax credit for the applicable month(s), and the remaining premium owed.
<p>45 CFR § 156.480 - Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs.</p>	<p>(a) Maintenance of records. An issuer that offers a QHP in the individual market through a State Exchange must adhere to, and ensure that any relevant delegated entities and downstream entities adhere to, the standards set forth in § 156.705 concerning maintenance of documents and records, whether paper, electronic, or in other media, by issuers offering QHPs in a Federally-facilitated Exchange, in connection with cost-sharing reductions and advance payments of the premium tax credit.</p> <p>(b) Annual reporting requirements. For each benefit year, an issuer that offers a QHP in the individual market through an Exchange must report to HHS, in the manner and timeframe required by HHS, summary statistics specified by HHS with respect to administration of cost-sharing reduction and advance payments of the premium tax credit programs, including any failure to adhere to the standards set forth under § 156.410(a) through (d), § 156.425(a) through (b), and § 156.460(a) through (c) of this Part.</p> <p>(c) Audits. HHS or its designee may audit an issuer that offers a QHP in the individual market through an Exchange to assess compliance with the requirements of this subpart.</p>

Regulation	Rules
<p>45 CFR § 156.705 – Maintenance of records for Federally-facilitated Exchanges</p>	<p>(a) <i>General standard.</i> Issuers offering QHPs in a Federally-facilitated Exchange must maintain all documents and records (whether paper, electronic, or other media) and other evidence of accounting procedures and practices, necessary for HHS to do the following:</p> <p>(1) Periodically audit financial records related to QHP issuers' participation in a Federally-facilitated Exchange, and evaluate the ability of QHP issuers to bear the risk of potential financial losses; and</p> <p>(2) Conduct compliance reviews or otherwise monitor QHP issuers' compliance with all Exchange standards applicable to issuers offering QHPs in a federally-facilitated Exchange as listed in this part.</p> <p>(b) <i>Records.</i> The records described in paragraph (a) of this section include the sources listed in § 155.1210(b)(2), (3), and (5) of this subchapter.</p> <p>(c) <i>Record retention timeframe.</i> Issuers offering QHPs in a Federally-facilitated Exchange must maintain all records referenced in paragraph (a) of this section for 10 years.</p> <p>(d) <i>Record availability.</i> Issuers offering QHPs in a Federally-facilitated Exchange must make all records in paragraph (a) of this section available to HHS, the OIG, the Comptroller General, or their designees, upon request.</p>
