Introduction

This guide contains a comprehensive, up-to-date list of MCBS Showcards and Reference Cards. Over time, we may make changes to your Showcards and Reference Cards by updating the content, adding new cards, or eliminating existing cards.

You can use this guide to ensure that you are using the most up-to-date set of cards. To check if you are using the most recent versions, look at the date of the “Current Version” in the table on the following pages and compare it with the date on the bottom of your Showcards and Reference cards. If you’re missing updated versions of Showcards or Reference cards, notify your Field Manager, who will arrange to have them sent to you.

The Showcards are arranged in alphabetical order according to questionnaire section name. However, some Field Interviewers prefer to arrange the Showcard sections by the order in which the sections will appear during the interview.

HI1

ORIGINAL MEDICARE	MEDICARE ADVANTAGE
• You have your choice of doctors and hospitals. • Generally, you or your supplemental coverage pay deductibles and coinsurance. • If you want drug coverage, you must join a <i>stand-alone Medicare prescription drug plan</i> –a separate policy just for drugs. • You can buy a <i>Medigap plan</i>, which can help pay expenses not covered by Medicare.	• May either require you to see medical providers in their <i>network</i> or let you choose and pay more of the costs. • You usually pay a <i>copay</i> or coinsurance for covered services. • If you want drug coverage, you must join a plan that includes drug coverage. This will give you all of your coverage in one plan. • A Medigap plan is not available.
MEDICAID	TRICARE/TRICARE FOR LIFE
• Public health care plan that helps make Medicare affordable for beneficiaries with low incomes and modest assets. • Medicare beneficiaries who are also enrolled in Medicaid are referred to as “<i>dual eligibles</i>.” • Will be automatically enrolled in a Medicare prescription drug plan and be eligible for a <i>low-income subsidy</i> or “<i>extra help</i>.”	• Covers active-duty service members, retirees, and their families. • TRICARE generally pays the fees left outstanding after Medicare has made their payment.

HI1

PRIVATE HEALTH INSURANCE	MEDICARE PART D PRESCRIPTION DRUG PLAN
• Includes supplemental or Medigap plans, plans that are provided by a former or current employer, and other plans purchased directly through a private company, union, association, or other group. • Cover the cost of hospital or doctor visits, prescribed medicines, or dental care. • Common type: Medicare Supplement Insurance (Medigap), which is available to recipients of Original Medicare and helps pay some of the health care costs that Original Medicare doesn't cover, like copayments, coinsurance and deductibles.	• Separate policies that cover only prescribed medicines. • Beneficiaries pay a monthly premium and copay or coinsurance for their required prescriptions. • Standalone plans are only available to beneficiaries who are covered by Original Medicare; otherwise drug coverage is available as part of Medicare Advantage plans.
PUBLIC PROGRAMS (OTHER THAN MEDICAID)	
• Include state, county, or city-based programs such as a pharmacy program, where the local government provides at least partial coverage for the cost of prescribed medicines. • Insurance comes from a public source other than Medicare or Medicaid.
