Subject: Contract Year 2026 Medicare Plan Finder (MPF) - Expanded Medicare Advantage (MA) Supplemental Benefits Display

As referenced in our August 25, 2025 HPMS communication titled "Updates to the Contract Year 2026 Medicare Plan Finder and Medicare.gov," CMS communicated that we would expand the display of MA supplemental benefits on MPF. These updates are now available for review in the HPMS Plan Preview module.

These updates include:

- 30 existing benefits in "More Extra Benefits" now show detailed cost sharing and authorization requirements instead of the "some coverage/no coverage" labels

- 6 new supplemental benefits have been added with full cost sharing details:

- Wigs for Hair Loss Related to Chemotherapy (PBP 14c15)
- Weight Management Programs (PBP 14c16)
- Home-Based Palliative Care (PBP 14c20)
- Re-Admission Prevention (PBP 14c14)
- Post Discharge In-Home Medication Reconciliation (PBP 14c13)
- Adult Day Health Services (PBP 14c19)

To preview these changes, navigate in HPMS to: Plan Bids > Plan Data Previews > Benefit Preview

Please note that this is **NOT** a formal preview period. CMS is not collecting comments through the preview module.
