SECTION 1 Changes to Benefits & Costs for Next Year

Section 1.1 Changes to the Monthly Plan Premium

	2026 (this year)	2027 (next year)
Monthly plan premium (You must also continue to pay your Medicare Part B premium unless it's paid for you by Medicaid.) <i>[If there are no changes from year to year, plans can indicate in the column that there is no change for the upcoming benefit year. However, the premium must also be listed.]</i>	<i>[Insert 2026 premium amount]</i>	<i>[Insert 2027 premium amount]</i>

Factors that could change your Part D Premium Amount

- Late Enrollment Penalty - Your monthly plan premium will be *more* if you're required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that's at least as good as Medicare drug coverage (also referred to as creditable coverage) for 63 days or more.
- Higher Income Surcharge - If you have a higher income, you may have to pay an additional amount each month directly to the government for Medicare drug coverage.
- Extra Help - *[Plans with \$0 premium should not include this bullet]* Your monthly plan premium will be *less* if you get Extra Help with your drug costs. Go to Section *[edit section number as needed]* 1 for more information about Extra Help from Medicare.

Section 1.2 Changes to the Pharmacy Network

Amounts you pay for your prescription drugs can depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies. *[Insert if applicable: Our network includes pharmacies with preferred cost sharing, which may offer you lower cost sharing than the standard cost sharing offered by other network pharmacies for some drugs.]*

[Insert if applicable: Our Pharmacy Directory is included in the envelope with this material.]

[Insert applicable section: For a plan that doesn't have changes in its pharmacy network] There are no changes to our network of pharmacies for next year.

[Insert applicable section: For a plan that has changes in its pharmacy network] Our network of pharmacies has changed for next year.

[Insert applicable section: For a plan that has changes in its pharmacy network] Our network of pharmacies has changed for next year. Review the 2027 *Pharmacy Directory* [insert URL] to see which pharmacies are in our network. Here's how to get an updated *Pharmacy Directory*:

- Visit our website at [insert URL].
- Call Member Services at [insert Member Services number] (TTY users call [insert TTY number]) to get current pharmacy information or to ask us to mail you a *Pharmacy Directory*.

We can make changes to the pharmacies that are part of our plan during the year. If a mid-year change in our pharmacies affects you, call Member Services [insert Member Services number] (TTY users call [insert TTY number]) for help.

OR

[For a plan that will have a higher than normal number of pharmacies leaving its pharmacy network] Our network has changed more than usual for 2027. [Insert if applicable: We included a copy of our *Pharmacy Directory* in the envelope with this material.] An updated *Pharmacy Directory* is located on our website at [insert URL]. You can also call Member Services [insert Member Services number] (TTY users call [insert TTY number]) for updated provider information or to ask us to mail you a *Pharmacy Directory*. **We strongly suggest that you review our current *Pharmacy Directory* [insert URL] to see if your pharmacy is still in our network.**

Section 1.3 Changes to Part D Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a formulary or Drug List. A copy of our Drug List is [[insert: in this envelope] OR [insert: provided electronically]]. [If including an abridged formulary, add the following language: The Drug List includes many—but not all—of the drugs that we'll cover next year. If you don't see your drug on this list, it might still be covered. **You can get the complete Drug List** by calling Member Services at [insert Member Services number] (TTY users call [insert TTY number]) or visiting our website at ([insert direct URL to drug list]).]

[Plans with no changes to covered drugs, tier assignments, or restrictions can replace the rest of this section with: We haven't made any changes to our Drug List at this time for next year.]

However, we might make changes during the year that are allowed by Medicare rules. We update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you're taking, we'll send you a notice about the change.]

We made changes to our Drug List, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs, or moving them to a different cost-sharing tier. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions, or if your drug has been moved to a different cost-sharing tier.**

Most of the changes in the Drug List are new for the beginning of each year. However, we might make other changes that are allowed by Medicare rules that will affect you during the calendar year. We update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you're taking, we'll send you a notice about the change.

If you're affected by a change in drug coverage at the beginning of the year or during the year, review Chapter 9 of your *Evidence of Coverage* and talk to your prescriber to find out your options, such as asking for a temporary supply, applying for an exception, and/or working to find a new drug. Call Member Services at [insert Member Services number] (TTY users call [insert TTY number]) for more information.

[Plan sponsors implementing for the first time in 2027 the option to immediately substitute brand name drugs with its new generic equivalents or authorized generics or to immediately substitute biological products with interchangeable biosimilars or unbranded biosimilars, that otherwise meet the requirements, should insert the following: Starting in 2026, we may immediately remove brand name drugs or original biological products on our Drug List if we replace them with new generics or certain biosimilar versions of the brand name drug or original biological product on the same or lower cost-sharing tier and [Plans that don't use tiers can omit "on the same or a lower cost-sharing tier and."] with the same or fewer restrictions. Also, when adding a new version, we can decide to keep the brand name drug or original biological product on our Drug List but immediately move it to a higher cost-sharing tier or add new restrictions or both. [Plans that don't use tiers can omit "move it to a different cost-sharing tier or" and "or both."]

For example: If you take a brand name drug or biological product that's being replaced by a generic or biosimilar version, you may not get notice of the change 30 days in advance or before you get a month's supply of the brand name drug or biological product. You might get information on the specific change after the change is already made.

Some of these drug types may be new to you. For definitions of drug types, go to Chapter 10 of your *Evidence of Coverage*. The Food and Drug Administration (FDA) also provides consumer information on drugs. Go to the FDA website:

www.FDA.gov/drugs/biosimilars/multimedia-education-materials-biosimilars#For%20Patients. You can also call Member Services at [insert Member Services number] (TTY users call [insert TTY number]) or ask your health care provider, prescriber, or pharmacist for more information.]

Section 1.4 Changes to Prescription Drug Benefits & Costs

[Plans that enroll partial dual eligible beneficiaries should delete the following Extra Help from Medicare section for QDWI beneficiaries.]

Do you get Extra Help to pay for your drug coverage costs?

If you're in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D drugs [insert as applicable: may OR does] not apply to you.** [If not applicable, omit information about the LIS Rider.] We [insert as appropriate: have included OR sent you] a separate material, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs*, which tells you about your drug costs. If you get Extra Help [if plan sends LIS Rider with ANOC, insert: and didn't get this material with this packet,] [if plan sends LIS Rider separately from the ANOC, insert: and you don't get this material by [insert date],] call Member Services at [insert Member Services number] (TTY users call [insert TTY number]) and ask for the *LIS Rider*.

Drug Payment Stages

There are 3 **drug payment stages**: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage. The Coverage Gap Stage and the Coverage Gap Discount Program no longer exist in the Part D benefit.

- **Stage 1: Yearly Deductible**

You start in this payment stage each calendar year. During this stage, you pay the full cost of your [insert as applicable: Part D OR brand name OR [tier name(s)]] drugs until you've reached the yearly deductible. [Plans with no deductible, replace text in this bullet with We have no deductible, so this payment stage doesn't apply to you.]

- **Stage 2: Initial Coverage**

[Plans with no deductible delete the first sentence] Once you pay the yearly deductible, you move to the Initial Coverage Stage. In this stage, our plan pays its share of the cost of your drugs, and you pay your share of the cost. You generally stay in this stage until your year-to-date Out-of-Pocket costs reach \$[insert 2027 Out-of-Pocket threshold].

- **Stage 3: Catastrophic Coverage**

This is the third and final drug payment stage. In this stage, you pay nothing for your covered Part D drugs. You generally stay in this stage for the rest of the calendar year.

The Coverage Gap Discount Program has been replaced by the Manufacturer Discount Program. Under the Manufacturer Discount Program, drug manufacturers pay a portion of our plan's full cost for covered Part D brand name drugs and biologics during the Initial Coverage Stage and the Catastrophic Coverage Stage. Discounts paid by manufacturers under the Manufacturer Discount Program don't count toward out-of-pocket costs.

Drug Costs in Stage 1: Yearly Deductible

Drug Costs in Stage 2: Initial Coverage

[Plans that are changing the cost sharing from coinsurance to copayment or vice versa from 2026 to 2027 insert: For drugs on [insert name of tier(s)], your cost sharing in the initial coverage stage is changing from [insert whichever is appropriate: a copayment to coinsurance OR coinsurance to a copayment]. Go to the following table for the changes from 2026 to 2027.]

[Plans must list all drug tiers in the table below and show costs for a one-month supply filled at a network retail pharmacy. Plans that have pharmacies that provide preferred cost sharing must provide information on both standard and preferred cost sharing using the second alternate table. Plans without drug tiers can revise the table as appropriate.]

[Plans with pharmacies that offer standard and preferred cost sharing should replace the preceding paragraph with the following: The table shows your cost per prescription for a one-month ([insert number of days in a one-month supply]-day) supply filled at a network pharmacy with standard and preferred cost sharing. [Plans that are changing the number of days in its one-month supply should replace the preceding sentence with the following: We are changing the number of days in a one-month supply from a [xx]-day supply in 2026 to a [xx]-day supply in 2027. The table shows your cost per prescription for a one-month supply filled at a network pharmacy with standard and preferred cost sharing.]

[Insert if applicable: We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List.] Most adult Part D vaccines are covered at no cost to you. For more information about the costs of vaccines, or information about the costs *[insert as applicable: for a long-term supply; at a network pharmacy that offers preferred cost sharing; or for mail-order prescriptions]*, go to Chapter 6 of your *Evidence of Coverage*.

Once you've paid \$*[insert 2027 out-of-pocket threshold]* out of pocket for covered Part D drugs, you'll move to the next stage (the Catastrophic Coverage Stage).

SECTION 3 How to Change Plans

To stay in [insert 2027 plan name], you don't need to do anything. Unless you sign up for a different plan or change to Original Medicare by December 7, you'll automatically be enrolled in our [insert 2027 plan name].

If you want to change plans for 2027 follow these steps:

- To change to a different Medicare health plan,** enroll in the new plan. Depending on which type of plan you choose, you may automatically be disenrolled from [insert 2027 plan name].
 - You'll automatically be disenrolled from [insert 2027 plan name] if you enroll in any Medicare health plan that includes Part D prescription drug coverage. You'll also automatically be disenrolled if you join a Medicare Health Maintenance Organization (HMO) or Medicare Preferred Provider Organization (PPO), even if that plan doesn't include prescription drug coverage.
 - If you choose a Private Fee-For-Service plan without Part D drug coverage, a Medicare Medical Savings Account plan, or a Medicare Cost Plan, you can enroll in that new plan and keep [insert 2027 plan name] for your drug coverage. Enrolling in one of these plan types will not automatically disenroll you from [insert 2027 plan name]. If you are enrolling in this plan type and want to leave our plan, you must ask to be disenrolled from [insert 2027 plan name]. To ask to be disenrolled, you must send us a written request or call Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY users should call 1-877-486-2048).

Section 3.1 Deadlines for Changing Plans

People with Medicare can make changes to their coverage from **October 15 – December 7** each year.

If you enrolled in a Medicare Advantage plan for January 1, 2027, and don't like your plan choice, you can switch to another Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) between January 1 – March 31, 2027.

Section 3.2 Are there other times of the year to make a change?

In certain situations, people may have other chances to change their coverage during the year. Examples include people who:

- Have Medicaid
- Get Extra Help paying for their drugs
- Have or are leaving employer coverage
- Move out of our plan's service area

If you recently moved into or currently live in an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) at any time. If you recently moved out of an institution, you have an opportunity to switch plans or switch to Original Medicare for 2 full months after the month you move out.

SECTION 4 Get Help Paying for Prescription Drugs

You may qualify for help paying for prescription drugs. Different kinds of help are available:

- **Extra Help from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs including monthly drug plan premiums, yearly deductibles, and coinsurance. Also, people who qualify won't have a late enrollment penalty. To see if you qualify, call:
 - 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048, 24 hours a day, 7 days a week.
 - Social Security at 1-800-772-1213 between 8 a.m. and 7 p.m., Monday – Friday for a representative. Automated messages are available 24 hours a day. TTY users can call 1-800-325-0778.

- *[Plans without an SPAP in its state(s), should delete this bullet.] [Organizations offering plans in multiple states: Revise this bullet to use the generic name (State Pharmaceutical Assistance Program) when necessary and include a list of names for all SPAPs in your service area.]* **Help from your state's pharmaceutical assistance program (SPAP).** *[Insert state name]* has a program called *[insert state-specific SPAP name]* that helps people pay for prescription drugs based on their financial need, age, or medical condition. To be eligible for the ADAP operating in your state, you must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/under-insured status. Medicare Part D drugs that are also covered by ADAP qualify for prescription cost-sharing help through the *[insert state-specific ADAP name and information]*. For information on eligibility criteria, covered drugs, how to enroll in the program, or, if you're currently enrolled, how to continue getting help, call *[insert state-specific ADAP contact information]*. Be sure, when calling, to inform them of your Medicare Part D plan name or policy number.
- **The Medicare Prescription Payment Plan.** The Medicare Prescription Payment Plan is a payment option that works with your current drug coverage to help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January – December). Anyone with a Medicare drug plan or Medicare health plan with drug coverage (like a Medicare Advantage plan with drug coverage) can use this payment option. **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.**

Extra Help from Medicare and help from your SPAP and ADAP, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in the Medicare Prescription Payment Plan, regardless of income level. To learn more about this payment option, call us at [insert Member Services number] (TTY users call [insert TTY number]) or visit www.Medicare.gov.

[Appendix A

Operational Guidance

Health Plan Management System (HPMS) Submission Instructions:

1. *ANOCs must be submitted in HPMS.*
2. *Unpopulated materials may not be submitted into HPMS. The organization must submit an ANOC (if applicable) for each Contract/Plan Benefit Package (PBP) offered and must include all applicable premiums, cost-sharing, and benefit information in the material.*

Note: *Non-English language versions of previously submitted English language versions of the ANOC should not be submitted in HPMS. Please refer to the Submission, Review, and Distribution of Materials (42 C.F.R. §§ 422.2261 and 423.2261) section of the MCMG for additional information regarding non-English language and alternate format materials.*

3. *MAOs, PDPs or Cost Plans that have consolidated plans should include, in one “zipped” file, the ANOCs for both plans being consolidated. The zipped file should be uploaded under the remaining PBP. For example, H0001 is consolidating PBP 001 into PBP 002 for CY2026. One zipped file should be uploaded into HPMS under H0001 PBP 002. This zipped file should have the ANOC for PBP 001 and the ANOC for PBP 002. To help identify the zipped ANOCs, organizations must use the following naming convention for all zipped ANOC files: the Plan’s/Part D sponsor’s contract or MCE number, (i.e., “H” for MA or Section 1876 Cost Plans, “R” for Regional PPO plans (RPPOs), “S” for PDPs, or “Y” for Multi-Contract Entity (MCE) identifier) followed by an underscore; the PBP number followed by an underscore, any series of alpha numeric characters (Plan/Part D sponsor discretion) followed by an underscore; and an uppercase “M” for marketing materials (for example: H0001_001_efg456_M or H0001_002_abc123_M).*
4. *The “No Longer in Use” button should not be selected for ANOC submissions. Plans/Part D Sponsors must submit updated ANOCs via the material replacement function in HPMS.*

Input of Actual Mail Dates:

MAOs, PDPs, and Cost Plans must input the actual mail dates (AMDs) in HPMS within 15 days of mailing the ANOC. For instructions on technical aspects of submitting, refer to the Update AMD/Beneficiary Link/Function section of the Marketing Review Users Guide in HPMS. When entering the AMDs, please note the following requirements:

1. *Enter AMDs only for ANOC mailings to existing enrollees.*

2. *If a renewing PBP has no existing enrollees, input the material submission date as the AMD and enter “1” for number of beneficiaries. HPMS does not accept “0” in the “#Beneficiaries” field.*
3. *MAOs, PDPs, and Cost Plans cannot enter AMDs that are prior to the material submission date or edit existing mail wave information that was previously entered for the material. Please contact your organization’s/sponsor’s Account Manager or Marketing Reviewer if edits to previously existing mail wave dates need to be made or if prior dates need to be entered.*

Multiple ANOC Material Versions:

MAOs, PDPs, and Cost Plans are permitted to upload different versions (not corrections) of ANOC materials with the original submission in one “zipped” file. For example, if a plan covers two states, the standalone ANOC for both states would be submitted in one “zipped” file as the original submission.

Material Replacements:

MAOs, PDPs, and Cost Plans that change their current year ANOCs (e.g., error corrections, Medicare FFS rate updates, policy updates) must submit updated materials via the material replacement function in HPMS. Please refer to the MCMG, under “§§ 422.2261(d), 423.2261(d) – Standards for CMS Review,” and the HPMS Marketing Module User’s Guide for additional information regarding the material replacement function.

Note: *MAOs, PDPs, and Cost Plans that submit updated ANOCs via the material replacement function to correct errors must also submit erratas for those errors in HPMS. Please refer to the HPMS Memo, “Contract Year 2024 Annual Notice of Change and Evidence of Coverage Submission Requirements and Yearly Assessment,” to determine when erratas should be submitted.*

Note: *Do not submit errata sheets for updating Medicare fee-for-service (FFS) rates.*

ANOC Mailing Requirements:

Plans/Part D Sponsors may include the following in the ANOC mailing: a cover letter, a Notification of Availability of Electronic Materials, Summary of Benefits, Provider Directory, Pharmacy Directory, EOC, LIS Rider, the Formulary, Multi-language Insert (MLI) or Notice of Availability, a form allowing enrollees to “opt-in” to receiving their upcoming ANOC via e-mail, the annual Notice of Non-Discrimination, and an annual notification allowing enrollees to opt out of future calls regarding plan business as defined in 42 C.F.R. § [422.2264\(b\)\(2\)](#). Additionally, every plan/sponsor that transitions a member from a D-SNP look-alike plan to a renewal plan is

encouraged to include language about the transition in the cover letter that accompanies the ANOC. Unless otherwise directed, no additional plan communications may be included in the mailing.

Other than providing the SB with the ANOC, Plans/Part D Sponsors may not highlight benefits or information regarding upcoming 2027 Plan/Part D Sponsor activities in the ANOC, the EOC, or the notice.]
