

QUALIFIED ENTITY CERTIFICATION PROGRAM FOR MEDICARE DATA

2019 QECF ANNUAL REPORT WORKBOOK

Overview

As part of the Qualified Entity Certification Program (QECF), all QEs are required to submit QECF annual reports.* The annual report provides an opportunity for QEs to report on specific aspects of their programs. To satisfy the annual reporting requirement, each QE must complete and upload this workbook to the QECF application portal no later than **March 31, 2020**.**

Instructions

This workbook consists of eleven tables. Please carefully review the instructions on each tab of the workbook since not all tables are required to be completed by all QEs. Once the workbook is complete, please upload it to the annual report module of the QECF application portal. The primary QE application point of contact for your organization must enter his/her electronic signature into the annual report module of the portal to finalize submission of the QECF annual report. If your organization possesses a CMS DUA and received Medicare data by December 31, 2019, the DUA User listed on the CMS DUA must enter his/her electronic signature into the annual report module of the portal to finalize completion of Tables 7 and 8.

- Table 1** Background and Volume of Claims Data
- Table 2** Number of Performance Measures
- Table 3** Level of Analysis
- Table 4** Public Use of Performance Reports
- Table 5** Provider Requests for Corrections or Appeals
- Table 6** Response to Requests
- Table 7** Data Security Incidents
- Table 8** Changes in Data Security Practices
- Table 9** Non-Public Analyses
- Table 10** Data
- Table 11** Opportunity for Feedback

*See 42 CFR Subpart G.

**See Section 4.3 of the 2019 QECF Program Guide for a detailed description of the required annual report elements.

PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1309. The time required to complete this information collection is estimated to average 80 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850. *****CMS Disclaimer*** Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact Kari Gaare.**

8	Instructions: All QEs are required to complete this table regardless of whether there have been changes to data suppliers or covered lives.			
9	This table walks QEs through a simple and automated three-step process for reporting.			
10				
11	Question 1: Changes to Data Suppliers			
12	Since Date of QECF Certification (Phase 1 Approval), Submission of Last QECF Reapplication (whichever is most recent), there have been no changes to the payer claims data.			
13	Question 2: Covered Lives			
14	Step 1: Select the states and/or counties for which your organization plans to report.			
15	<u>Hold CTRL to select multiple states or counties.</u>			
16	To select a whole state, select the state and then *TOTAL - State, which should be the first option.			
19	Step 2: Enter the total number of other-payer covered lives included in the claims data for the reporting period.			
20				
21	Step 3: If your organization plans to report on a region smaller than a county, please enter the region name in the box below. If you are reporting on a county, please select Bullock County in Step 1 (above) and explain in Column J in the corresponding row.			
22	Step 4- For National QEs: If your organization is a National QE, please provide the number of other-payer covered lives included in the claims data for the reporting period.

Table 3: Level of Analysis

Based on National Quality Forum (NQF)'s "Level of Analysis:" NQF Measures		
<p><i>Instructions: Only QEs or quasi QEs that have released a QE public performance report in 2019 are required to complete this table. If not applicable, QEs must enter "N/A" here:</i></p>		
<p>1. Enter the number of each type of provider included in your organization's QE public performance report(s) in 2019. Respond based on the level of analysis included in the QE or quasi QE public report(s). For example, if your organization reports at the clinic level, fill in item "c" below. If your organization reports at the facility level, fill in item "e" below.</p>		
<p>2. For each level of analysis, list the type and number (in parentheses) of specialists, subspecialists, or subtypes included (e.g. cardiologist, primary care physician, dialysis facility) in the peer groups being compared. Please list all that apply. A list of provider types and specialty definitions can be found at:</p>		
<p>Medicare Specialty Definitions</p>		
Provider Type (NQF Definitions)	1. Number of Providers	2. Specialists/ Subtypes (Number)
<p>a. Individual Clinician Various types of healthcare practitioners/providers, which may include but is not limited to, physicians, nurses, and allied health professionals.</p>		
<p>b. Clinic Setting in which outpatient healthcare services are provided by physicians or other healthcare providers, including but not limited to, primary care, family practice, general internal medicine, and faculty practice plans.</p>		
<p>c. Group/Practice Two or more healthcare clinicians/providers who practice together, either at a single geographic location or at multiple locations.</p>		
<p>d. Team Two or more healthcare clinicians/providers, at one location or across different settings, who collaborate together for the care of a single patient or multiple patients.</p>		
<p>e. Facility A single entity that provides healthcare, which may include but is not limited to, a hospital, nursing home, dialysis center, and home health agency.</p>		
<p>f. Health Plan-Defined Group of Physicians An organization that acts as an insurer for an enrolled population.</p>		
<p>g. Integrated Delivery System A healthcare entity that may include a variety of facilities and/or services including, but not limited to, hospitals, medical groups, skilled nursing facilities, home health, and/or insurance vehicles. This includes delivery systems that assume responsibility across settings for the complete patient-focused episode of care, such as accountable care organizations.</p>
