

Overview

Please provide acquisition data for each separately payable drug acquired by your hospital for outpatient use between July 1, 2024, through June 30, 2025.

Data may be acquired from internal systems or requested from your supplier. You do NOT need to provide data for NDCs which your hospital did not purchase.

Data must be delineated by acquisitions under non-340B and 340B Programs. For each row (NDC), you may enter data for non-340B purchases only, 340B purchases only, both non-340B and 340B purchases, or neither non-340B purchases or 340B purchases.

Reported costs should reflect discounts and rebates received by the hospital for individual NDCs. These NDC-level discounts or rebates are typically already accounted for in invoices. Discounts and rebates received that do NOT correspond to individual NDCs, and are not able to reasonably be incorporated, such as purchase volume rebates, will be collected separately and should NOT be reported using this template.

Requested Information

For each NDC acquired by your hospital, enter the following as applicable:

- Column D. Total Units Purchased - Non-340B
- Column E. Total Net Acquisition Cost - Non-340B
- Column F. Total Units Purchased - 340B
- Column G. Total Net Acquisition Cost - 340B

Do not change column names in Row 1 or any values in Columns A, B, and C.
