

Outcomes Reporting

Outcomes Reporting Year 1

PRA Disclosure Statement. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is [0938-XXXX]. This information collection is being collected to support voluntary quality improvement efforts under the QIN-QIO program and will be used to guide the implementation of quality improvement interventions, set program priorities, and inform program evaluation. The time required to complete this information collection is estimated to average less than 16 hours per year, including the time to review instructions, search existing data resources, gather the data needed, to review and complete the information collection. This information collection is voluntary, and all information collected will be kept private in accordance with regulations at 42 CFR 480, Acquisition, Protection, and Disclosure of Quality Improvement Organization Information. Pursuant to this regulation, the CMS QIO program may only use or disclose confidential information to the extent that such information is necessary to carry out their statutory and regulatory mandate functions. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

******CMS Disclosure**** Please do not send applications, claims, payments, medical records or any documents containing sensitive information to the PRA Reports Clearance Office. Please note that any correspondence not pertaining to the information collection burden approved under the associated OMB control number listed on this form will not be reviewed, forwarded, or retained. If you have questions or concerns regarding where to submit your documents, please contact Geoffrey Berryman at geoffrey.berryman@cms.hhs.gov.**

Manual Entry

* = Required Information

Sub-Aim: Adverse Drug Events

Measure: Drug Regimen Review

Aim: Patient Safety & Infection Prevention
Measure ID: aian_nh_drug_regimen_review
MIPS ID: 207
Description: Drug regimen review with follow-up for identified issues

Reporting Frequency: Quarterly
Data Type: Qualitative
Target: "Yes" for <50% of reports per year
