Date: April 21, 2014

Subject: Data Validation Instructions for Viewing CY 2013 MTM Program Beneficiary-Level Data

Message:

This is to inform Part D Sponsors of the steps necessary for their Reporting Requirements Data Validation reviewers to access the CY 2013 Medication Therapy Management (MTM) Program beneficiary-level data. To view these data, Data Validation reviewers should enter HPMS and from the HPMS homepage select:

Quality and Performance > Part D Performance Metrics and Reports > MTMP Gentran Submissions > Contract Number

Reviewers please note that you should only use data that were entered and are visible in HPMS to develop your findings. You should not rely on printouts or other data provided by the Sponsor. This applies to all sections, and is not limited to the MTM Program section.

HPMS technical questions should be directed to the HPMS Helpdesk mailbox at hpms@cms.hhs.gov.
