SUBJECT: Updated Information Regarding CY 2014 Medicare Plan Finder (MPF) Submissions by Medicare-Medicaid Plans (MMPs) in New York

Since New York's Capitated Financial Alignment Demonstration is expected to begin enrollment on October 1, 2014 and New York Medicare-Medicaid Plans (MMPs) are expected to begin marketing after September 1, 2014, this memorandum provides updated information on the required resumption of CY 2014 biweekly drug pricing data submissions for display in the Medicare Plan Finder (MPF) tool on www.medicare.gov. Having data display on the MPF is important because it allows beneficiaries to compare available plans based on the expected costs and coverage of their drugs.

MMPs in New York may submit CY 2014 drug pricing files at any time, but they must begin to do so no later than the August 4-5, 2014 Plan Finder Pricing Data Submission Window. This will allow sufficient time to ensure there are no issues with these submissions prior to the September 2, 2014 display of pricing data on MPF. We encourage earlier submission so that plans can resolve any issues that would result in suppression of drug pricing on MPF starting on September 2, 2014.

We would also recommend that MMPs in New York take advantage of our three CY 2015 pricing data test submissions. For these dates and other information about the CY 2015 pricing file requirements, please refer to http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/RxContracting_FormularyGuidance.html in the download section called "2015 Pricing Data Guidelines and Calendar (V04.24.14)."
