Subject: Michigan MMPs – Revised Final Contract Year 2020 Member Handbook Chapter 4

Chapter 4 of the Contract Year (CY) 2020 Member Handbook for Michigan Medicare-Medicaid Plans (MMPs) has been revised to include the preventive HIV screening benefit in alphabetical order in the Benefits Chart in Section D as follows:

HIV screening

The plan pays for one HIV screening exam every 12 months for people who:

- ask for an HIV screening test, or
- are at increased risk for HIV infection.

For women who are pregnant, the plan pays for up to three HIV screening tests during a pregnancy.

[List any additional benefits offered.]

Michigan MMPs must communicate the revision to Member Handbook Chapter 4 in accordance with the “Mid-Year Change Notification to Enrollees” instructions in Section 100.4, List of Required Materials, in Michigan’s CY 2020 state-specific Marketing Guidance, issued on August 21, 2019. Michigan must not use the Member Handbook errata process to communicate these changes.

The revised Member Handbook Chapter 4, in English and in Spanish, will be posted to the "Medicare-Medicaid Plan (MMP) Marketing Information & Resources" webpage (see <https://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/MMPInformationandGuidance/MMPMarketingInformationandResources.html>) with other Michigan MMP marketing issuances.

Please contact the Medicare-Medicaid Coordination Office at MMCOCapsModel@cms.hhs.gov or your Contract Management Team if you have any questions.
