Subject: Extended Resubmission Deadline for 2019 Part D Medication Therapy Management (MTM) Program Data

CMS is extending the resubmission deadline for 2019 Part D MTM data per the Part D Reporting Requirements by two weeks to **April 14, 2020 11:59 PM PT** in order to provide Part D sponsors additional time to review potential outlier notices sent earlier this month. We remind sponsors that their submitted MTM data must reflect the activities as they were performed in 2019 based on the Reporting Requirements technical specifications.

The resubmission deadline for all other Part C and D reporting sections remains March 31, 2020.

As communicated on March 28, CMS has delayed the start of the data validation cycle of 2019 Part C and D reporting data. More information will be forthcoming.

Please send questions to the following resource inboxes:

- Technical questions - HPMS Help Desk at either 1-800-220-2028 or HPMS@cms.hhs.gov.
- Part C Reporting Requirements - Partcplanreporting@cms.hhs.gov
- Part D Reporting Requirements - partd-planreporting@cms.hhs.gov
- Data Validation - PartCandD_Data_Validation@cms.hhs.gov

Thank You.
