**Subject:** Enrollment Reconciliation File

Please see the notice below from Gary Bailey, Deputy Director for Plan Policy and Operations, Center for Beneficiary Choices.

CMS has announced on the weekly Operational User Part D Group Calls and posted on the production calendar the transmission of the Enrollment Reconciliation File scheduled for Friday, March 10th. The transmission of this file has been delayed briefly. CMS received a lot of interest and feedback from Plans regarding the enrollment reconciliation process. Once the information is reviewed and documented, a communication will lay out the details of this process, as well as the anticipated date of transmission.
