Re: Medicare Part D Fraud: Submitting Claims for Beneficiaries after their Date of Death and Billing for Non-Controlled Medications

The Centers for Medicare & Medicaid Services (CMS) was notified by the Office of Investigations, Office of Inspector General of allegations that Sunshine Pharmacy, Sunshine Solutions Pharmacy, Gulfshore Pharmacy, and Sunshine Pharmacy Medical, along with the owner Delmer “Del” Parrish are engaged in a scheme to defraud Medicare Part D. We are alerting you to this information so that you can take the appropriate actions regarding this pharmacy and the Part D prescription drug benefit you offer. These actions should be focused on the appropriate detection and identification of fraud, waste, and abuse as required under Part D.

The pharmacies are alleged to have billed Medicare Part D for undispensed medications and submitting claims after a beneficiary’s date of death. The four subjects’ NPI’s, DBA’s, NSC’s, and locations are listed below:

**Scheme:** It has been alleged that Del Parrish and his mother, Patricia Parrish, have submitted claims to Medicare, Medicaid, and Tricare for medications that were not dispensed in addition to other illegal narcotic related activities. These allegations were reported on behalf of former and current employees. A preliminary investigation revealed that Del Parrish and his mother have submitted claims to Medicare for beneficiaries after their date of death, and a multitude of non-controlled medications that includes Megace (625mg).
