SUBJECT: NOTICE: December Monthly Drug Manufacturer Call on Implementation IRA Medicare Provisions

The purpose of this memorandum is to notify drug manufacturers that the Centers for Medicare & Medicaid Services (CMS), Center for Medicare will host monthly one-hour calls on the implementation of the Medicare provisions of the Inflation Reduction Act of 2022 (Public Law 117-169). The first call is December 13, 2022 at 10:00 am ET.

CMS is committed to engaging our partners and the communities we serve throughout the policymaking and implementation process, including the implementation of the Inflation Reduction Act. Aligned with our strategic pillar, CMS created this forum to provide drug manufacturers the opportunity to ask questions and provide feedback to CMS on issues related to the implementation of the Medicare provisions of the new law.

The December 13 call will include an overview of what's to come with the implementation of the new law, as well as invite manufacturers to provide feedback on the manufacturer agreement and data elements for Medicare drug price negotiation.
