SUBJECT: 2022 Medicare Part D Low-Income Subsidy (LIS) Income and Resource Standards

The purpose of this memorandum is to provide updated income and resource standards for individuals who apply for the low-income subsidy (LIS) for Medicare Part D. The Centers for Medicare & Medicaid Services (CMS) is required by law to update the income and resource limits each year.

Attached are the tables of the 2022 Poverty Guidelines for the 48 contiguous states and the District of Columbia (Attachment 1), Alaska (Attachment 2), and Hawaii (Attachment 3). We have also attached a description of the methodology that CMS used to update resource limits for 2022 (Attachment 4). These were previously released to plans on October 25, 2021 and are attached here for convenience. The new income and resource standards will be applied to all LIS applications filed on or after January 1, 2022.

If you have any questions about this information, contact Roland Herrera at 410-786-0668 or Roland.Herrera@cms.hhs.gov.

Resource Limits for the Medicare Part D Low-Income Subsidy: Annual Adjustment for 2022

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) directs CMS to update the resource limits for the low-income subsidy each year. As described at 42 CFR 423.772, resources include bank accounts, stocks, bonds, and other liquid resources that can be readily converted to cash within 20 days, as well as real estate that is not the beneficiary's primary residence. This notice provides: (i) the calculation methodology for updating the low-income subsidy resource limits, (ii) the low-income subsidy resource limits in 2022, and (iii) the cost-sharing amounts for low-income subsidy eligible beneficiaries in 2022.

I. Calculation Methodology for Updating the Low-Income Subsidy Resource Limits

Section 1860D-14(a)(3) of the Social Security Act (the Act) requires CMS to use the annual percentage increase in the Consumer Price Index (CPI), All Urban Consumers (all items, U.S. city average) as of September of the previous year to update the resource limits for the low-income subsidy. CMS used the September 2020 and the September 2021 CPI values from the Bureau of Labor Statistics to calculate the annual percentage increase. The annual percentage increase in the CPI for contract year 2022 is calculated as follows:

$$\frac{\text{September 2021 CPI}}{\text{September 2020 CPI}} \text{ or } \frac{274.310}{260.280} = 1.054$$

(Source: Bureau of Labor Statistics, Department of Labor)

The 2022 adjustment factor for the low-income subsidy resource limits is 5.39%. Per the statute, the resource limits are increased by 5.39% for 2022 and rounded to the nearest multiple of \$10.

II. Resource Limits Used to Determine Eligibility for the Low-Income Subsidy

Per the methodology outlined above, the resource limit that must not be exceeded for beneficiaries to qualify for the full low-income subsidy increases from the 2021 amount of \$7,970 (\$11,960 if married) to \$8,400 (\$12,600 if married) in 2022. The resource limit that must not be exceeded for beneficiaries to qualify for partial low-income subsidies increases from the 2021 amount of \$13,290 (\$26,520 if married) to \$14,010 (\$27,950 if married) in 2022.

If beneficiaries notified SSA that they expect to use some of their resources for burial expenses, the applicable 2022 resource limits are \$9,900 (\$15,600 if married) for the full low-income subsidy and \$15,510 (\$30,950 if married) for the partial low-income subsidies.

Please see the following table for the updated resource limits for determining eligibility for the low-income subsidy in 2022.

Resource Limits for Determining LIS Eligibility

LIS Level ¹	Marital Status	2021 LIS Resource Limit	2021 LIS Resource Limit with Burial Expenses	2022 LIS Resource Limit	2022 LIS Resource Limit with Burial Expenses
Full Subsidy	Single	\$7,970	\$9,470	\$8,400	\$9,900
Full Subsidy	Married	\$11,960	\$14,960	\$12,600	\$15,600
Partial LIS	Single	\$13,290	\$14,790	\$14,010	\$15,510
Partial LIS	Married	\$26,520	\$29,520	\$27,950	\$30,950

III. Low-Income Subsidy Eligible Beneficiary Cost-Sharing

As required under section 1860D-14 of the Act, the maximum copayments below the out-of-pocket threshold low-income full subsidy eligible enrollees and the deductible and the maximum copayments above the out-of-pocket threshold for partial subsidy eligible enrollees are updated using the annual percentage increase in average expenditures for Part D drugs per eligible beneficiary. In addition, the maximum copayments below the out-of-pocket threshold for full-benefit dual eligible enrollees with incomes that do not exceed 100% of the FPL are updated by the annual percentage increase in the CPI, as required under section 1860D-14(a)(4).

For additional information on how the Part D benefit parameters are updated each year using the annual percentage increases in the average Part D drug expenditure amount and the CPI, please refer to the January 15, 2021 guidance entitled, “Announcement of Calendar Year (CY) 2022 Medicare Advantage (MA) Capitation Rates and Part C and Part D Payment Policies” available on the CMS website at <http://www.cms.gov/Medicare/Health-Plans/MedicareAdvtgSpecRateStats/Announcements-and-Documents.html>.

Please see the table below for the updated cost-sharing for low-income subsidy eligible beneficiaries in 2022.

¹ Per section 1860D-14(a)(3)(B) of the Act, in the case of an individual whose spouse dies during the effective period for a determination or redetermination, such effective period shall be extended through the date that is one year after the date on which the determination or redetermination would otherwise cease to be effective.

² The out-of-pocket threshold is \$7,050 for 2022.
