**Subject:** CY 2022 Benefit Plan Preview Data Update

CMS has corrected two data issues identified in the CY 2022 benefit plan preview:

### **Catastrophic Cost Sharing**

The preview had been using the CY 2021 Medicare defined catastrophic cost sharing values: generic drugs: \$3.70 copay or 5% (whichever costs more); brand-name drugs: \$9.20 copay or 5% (whichever costs more).

The preview has been updated to use the CY 2022 values: generic drugs: \$3.95 copay or 5% (whichever costs more); brand-name drugs: \$9.85 copay or 5% (whichever costs more)

### **LIS Cost-Sharing**

The preview had been using the CY 2021 LIS values of:

#### Generic:

\$0 copay; or

\$1.30 copay; or

\$3.70 copay; or

15%

#### Brand:

\$0 copay; or

\$4.00 copay; or

\$9.20 copay; or

15%

The preview has been updated to use the CY 2022 values:

Generic:

\$0 copay; or

\$1.35 copay; or

\$3.95 copay; or

15%

Brand:

\$0 copay; or

\$4.00 copay; or

\$9.85 copay; or

15%
