Appendix A

When updating the national templates that served as the basis for state-specific MMP and MSHO Plan models, we considered revisions to Medicare Advantage and Part D model materials in conjunction with input from state partners, advocacy organizations, dually eligible individuals, and other stakeholders. We used the information to assess revisions to the Annual Notice of Changes; Member Handbook (Evidence of Coverage); Summary of Benefits; Provider and Pharmacy Directory; List of Covered Drugs (Formulary); Member ID Card; Explanation of Benefits; Integrated Denial Notice; and plan-delegated enrollment notices, including Exhibits 5a and 5b, Welcome Letters for Passively Enrolled Individuals and Individuals Who Opt In. Because state-specific requirements vary, the content and number of each state's models differ somewhat from the national templates mentioned above.

Continuing to be mindful of state and plan priorities and limited resources, we not only minimized the volume and complexity of changes but also further simplified the update process for CY 2022. The following is a summary of general changes for CY 2022:
