Date: September 8, 2023

Subject: Reminder: Posting of Quarterly Contract Year 2024 Plan Benefit Data on www.cms.gov

CMS will post the approved Contract Year (CY) 2024 Plan Benefit Package (PBP) data on [cms.gov](http://www.cms.gov) in early October 2023. These data will be available at the following URL:

<https://www.cms.gov/data-research/statistics-trends-and-reports/medicare-advantagepart-d-contract-and-enrollment-data/benefits-data>

Even though the CY 2024 PBP data is stored in JSON, the extract will remain in the same format as in past years. CMS will consider implementing a JSON-based extract for a future release.

Users may access a draft version of the PBP data dictionary in the Documentation section of the publicly available HPMS landing page (<https://hpms.cms.gov>): CY 2024 PBP Data Extract Facility Documentation (updated as of 07/19/2023)

For CY 2024, CMS is pleased to announce that the Section 19 PBP data (Additional Benefits and Reduced Cost-Sharing for VBID/UF/SSBCI) will be included in the initial release of the extract. Historically, these data were not made available until the second quarter.

Lastly, as a reminder, the approved benefit extract does NOT include PBP note fields or Bid Pricing Tool (BPT) data.
