Subject: PBP API Documentation

As noted in the December 9, 2022 HPMS memo entitled "Contract Year (CY) 2023 Plan Benefit Package (PBP) Module in HPMS," CMS is posting the following documentation in support of the PBP API:

- Mapping of the Access-based PBP data structures to the new JSON PBP data structures
- Data dictionary that provides the list of valid values per element, where applicable
- Sample JSON files for the HMO, HMOPOS, PPO, PDP, and PFFS plan types
- Draft PBP User Guide – This document is written for the CY 2023 PBP module. As such, the planned CY 2024 PBP changes are not included. They will be addressed in the CY 2024 PBP User Guide.

These materials are available in the **Documentation** section of the publicly available HPMS landing page at <https://hpms.cms.gov>.

For questions related to the PBP API, please send an e-mail to hpmstechsupport@softrams.com.

For other HPMS questions, please contact the HPMS Help Desk at either hpms@cms.hhs.gov or 1-800-220-2028.
