DATE: March 16, 2021

TO: State Pharmaceutical Assistance Programs and AIDS Drug Assistance Programs

FROM: Amy Larrick Chavez-Valdez, Director
Medicare Drug Benefit and C & D Data Group
Center for Medicare

Jon Booth, Director
Web & Emerging Technologies Group
Office of Communications

SUBJECT: Display of State Pharmaceutical Assistance Program and AIDS Drug Assistance Program Data on Medicare.gov

In Spring 2021, CMS will use the State Pharmaceutical Assistance Program (SPAP) and AIDS Drug Assistance Program (ADAP) data in the Health Plan Management System (HPMS) for display on www.medicare.gov. This approach will ensure that there is a consistent presentation of SPAP/ADAP programs across States and that the website is using the latest and most accurate data as supplied by the States directly in HPMS.

States are **strongly encouraged** to review all of their SPAP/ADAP data in HPMS to ensure accuracy. Users may update their data using the following navigation path in HPMS: Contract Management > SPAP/ADAP Attestation. Medicare.gov will retrieve the current SPAP/ADAP data from HPMS on a daily basis.

The following data will be included on the Medicare.gov display:

- Program State
- Program Name
- Program Type
- Program Phone Number
- Program Website
- This program has income eligibility requirements (Yes/No Display)
- This program has age eligibility requirements (Yes/No Display)
- This program has other factors required for enrollment (Yes/No Display)
- This program has asset eligibility requirements (Yes/No Display)
- This program requires an LIS application (Yes/No Display)
- This program requires Part D enrollment (Yes/No Display)
- This program has a limited number of participating pharmacies (Yes/No Display)

For questions on SPAPs and ADAPs, please contact SPAP@cms.hhs.gov.

For questions on the SPAP/ADAP display on Medicare.gov, please contact MPF@cms.hhs.gov.

For technical assistance with HPMS, please contact the HPMS Help Desk at either hpms@cms.hhs.gov or 1-800-220-2028.
