SUBJECT: Revised New York FIDA-IDD-Specific Reporting Requirements and Value Sets Workbook

The purpose of this memorandum is to announce the release of the revised Medicare-Medicaid Capitated Financial Alignment Model Reporting Requirements: New York FIDA-IDD-Specific Reporting Requirements and corresponding New York FIDA-IDD-Specific Value Sets Workbook. These documents provide updated guidance, technical specifications, and applicable codes for the state-specific measures that the FIDA-IDD Plan is required to collect and report under the demonstration. As with prior annual update cycles, revisions were made in an effort to streamline and clarify reporting expectations for the FIDA-IDD Plan.

Please see below for a summary of the substantive changes to the New York FIDA-IDD-Specific Reporting Requirements. Note that the New York FIDA-IDD-Specific Value Sets Workbook also includes changes; the FIDA-IDD Plan should carefully review and incorporate the updated value sets, particularly for measures IDD1.3 and IDD2.3.

The FIDA-IDD Plan must use the updated specifications and value sets for measures due on or after June 1, 2020. Should you have any questions, please contact the Medicare-Medicaid Coordination Office at mmcocapsreporting@cms.hhs.gov.

SUMMARY OF CHANGES

Measures IDD1.3 and IDD2.3

- In the Notes sections, revised the hospice exclusion for data element A to reflect that the Hospice value set was replaced with two value sets (Hospice Encounter and Hospice Intervention) and to clarify that supplemental data may be used as well.

Measure IDD3.1

- In the Analysis section, added information about additional calculations that will be used to evaluate reported data.
