Subject: Final Calendar Year 2023 Monitoring Guidelines for the Medicare Advantage Value-Based Insurance Design (VBID) Model

Please see the [final Calendar Year \(CY\) 2023 Monitoring Guidelines for the Medicare Advantage \(MA\) Value-Based Insurance Design \(VBID\) Model \(Guidelines\)](#). The Guidelines outline the reporting domains and requirements for MA Organizations (MAOs) participating in the VBID Model in CY 2023. The data that participating MAOs will provide will pave the way for CMS and its MAO partners to better understand how supplemental benefits are delivered and experienced by Medicare beneficiaries. CMS appreciates the contribution of participating MAOs in improving transparency into VBID supplemental benefits through the reporting outlined in these finalized Guidelines.
