Subject: Delay of 2020 Medicare Part C and Part D Reporting Requirements - Data Validation

CMS will be delaying the start of the data validation (DV) of the 2019 Part C and Part D Reporting Requirements data scheduled to begin on Wednesday, April 1, 2020. The 2020 Data Validation web-based training is not yet available on the Medicare Learning Network Learning Management System for data validation reviewers to complete. Selected reviewers must successfully complete training each year prior to commencing any data validation (DV) activities.

We apologize for any inconvenience, and will provide more information once the training is available, and if CMS will be modifying the DV schedule for this year.

Questions regarding 2020 Data Validation should be sent via email to PartCandD_Data_Validation@cms.hhs.gov.

Thank you.
