

## HPMS E-Mail

**Date:** May 26, 2022

**Subject:** Summary Files for Annual Coordination of Benefits-Other Health Insurance (COB-OHI) Full Replacement File for 2022

The summary files transmitted on May 25, 2022 following the end of the 2022 annual COB-OHI file transmission inadvertently listed names of files which were transmitted during the 2021 annual COB-OHI file process, as well as those transmitted during the 2022 annual COB-OHI file process.

In reviewing the summary file, the Part D sponsor staff responsible for the receipt and processing of coordination of benefits files should disregard file names containing “D21” and use those containing “D22” to validate that all 2022 annual COB-OHI files were received successfully.

For example:

P.RXXXXX.MARXCOBA.D210525.T2002050 is associated with the 2021 annual file and should be disregarded

P.RXXXXX.MARXCOBA.D220524.T1245135 is associated with the 2022 annual file
